VOL. XXIX | BELLEFONTE, PA., THURSDAY MORNING. APRIL 28, 1898. | NO. 16

OREGON AND MARIETTA

Our Warship and Gunboat in Pacific Waters Safe.

THEY ARE IN COMPANY AT LAST

No Fears Entertained in Naval Circles Concerning the Ability of the Big Battleship to Care For Herself.

HER FORMER CAPTAIN CONFIDENT

WASHINGTON, April 27.—Public interest in the fate of the battleship Oregon is rivaling that manifested in the success of the blockade of Havana. This interest is intensified by the fact that the vessel has just steamed out of the Straits of Magellan, and is creeping slowly up the South American coast into the zone of danger.

She has carried out her programme thus far with admirable precision. She was to stop at Punta Arenas, (Sandy Point,) Chila, where she was to join the gunboat *Marietta*, which had preceded her from *Callao* by several days in order to arrange for a supply of coal for herself and the big ship. She reached Punta Arenal yesterday, took on 500 tons of coal and has now left that coaling station on her way to Montevideo. This much was learned by the navy department yesterday.

Captain Charles E. Clark, her commander, is now in possession of the news that war has broken out between this country and Spain. He did not know this when he left Callao, but he was advised when he left that port to be on the lookout for Spanish ships and to guard against any attack by torpedo or other vessels. He was also advised that the Temerario was lying in wait for him at Buenos Ayres and would probably sail down the coast to cross his track. As Captain Clark now knows that war has begun, he will know what to do with the Temerario should that little waspish craft undertake to challenge him. He has also been joined by the gunboat Marietta, and the two vessels ought to be able to make a good fight against any two vessels that Spain can send out under her flag.

The navy department, notwithstanding the fact that the Oregon and Marietta are now aware that war has been begun, is very much concerned for the safety of these ships. It is not afraid that the Temerario will do any damage to the big ship, but its fear is based upon the fact that the Spanish fleet lies between the flying squadron and two vessels that are coming up the Southern Atlantic. If the flying squadron, or part of it, were sent to protect the Oregon and bring her safely to Captain Sampson's fleet, it could not reach her sooner than the Spaniards, if they have any intention of trying to intercept her in her northward trip.

Captain Barker, who until recently commanded the Oregon, laughs as these fears: He said to-day that the Oregon can take good care of herself, and he has no apprehension whatever of any misfortune befalling her. As to the threat of the Temerario, he thought the suspicion that the little craft could hurt the big ship is ridiculous. He said that Captain Clark is fully able to guard the vessel from any attack by the torpedo boat, as he is aware of the situation, and is one of the best officers in the navy. Besides, Captain Barker has unlimited faith in the prowess of the Oregon, and he would not readily admit that she could not hold her own against all the Spanish ships assembled at Porto Grande.

Miss Vira Snook, who teaches school in Philipsburg, spent Saturday and Sunday with her sister and mother of this place.

Summary of War News.

An order was issued by Postmaster General Smith stopping all Spanish mails from the United States.

It seems probable that while 2000 regulars may be sent to Cuba within a week, the real invading army will not be sent there before Fall.

The President issued a proclamation relative to the rules governing the capture of Spanish vessels. Spain will have until May 21 to get her ships out of American waters.

A Spanish newspaper says the Admiral of the Cape Verde fleet has cabled that he will sail for American waters to-day with or without orders.

Last evening the fleet was still at Cape Verde.

The Spanish Government sent out another appeal to the European Powers protesting against the war being permitted to continue.

The State Department notified all friendly nations of existing neutrality.

Governor Hastings will protest to the President against any important changes in the organization of the National Guard that will volunteer.

The Allan liner Paris, about which great fear has been felt was sighted on Monday in mid-ocean. She is expected soon off Newfoundland.

Newport Takes Two Prizes.

Key West, April 26.—Half an hour before the Mangrove brought in the Panama the gunboat Newport arrived with two more prizes, the Pirineo, a two masted schooner, and the Alecto, of Havana, a sloop. Both were captured off Matanzas.

The crew of the sloop showed fight while those on the Pirineo prayed when a gun was fired across her bow.

No more guards are placed on prize steamers now. The eccentrics and the bonnets of the steam chest are removed, which absolutely prevents the machinery from moving.

The Newport reports the situation all quiet among the flotilla. The prizes brought in this morning are quite small, but Captain Forsyth says that everything counts. They are a mere flee bite to Spain, but very annoying.

Latest War News.

HAVANA, April 26, 12 M.—Captain General Blanco has just cabled to Spain that he is able to hold Havana against any force the United States can send against him without the assistance of the Spanish war ships.

LONDON, April 26.—The right of Senor Polo y Barnabe the Spanish minister, to take up quarters in Toronto, where he can furnish information to his government of the important moves of the United States is being called in question. The House of Commons will consider the matter today.

A dispatch from Key West says that the gunboat Mangrove has captured the big Spanish transport "The Panama." Two other Spanish merchantmen have been captured.

The war cloud which hangs over our southern waters has revived interest in the question of putting a canal through the isthmus. In actual warfare such a canal would be of the utmost importance strategetically, in that it would unite our forces on the Atlantic and the Pacific seaboards. In the May Harper's there will be an article on the "Trans-Isthmian Canal Problem," by Colonel William Lulow, U. S. A., who belongs to the Engineer Corps, and was chairman of the recent Nicaraguan Commission. The article will explain the various attempts at a canal, and why they have failed; and it will give the clearest explanation yet presented of the engineering problems to be overcome and of the best means for their solution.

—James Garfield Parsons, who has been living at Mr. William Humes' since the death of his father some time ago, has gotten into the Williamson Industrial school near Philadelphia, through Mr. Humes' influence.

SPANISH SHIPS LINE UP AT MANILA

Little Mangrove Captures A Big Spanish Liner—Indiana's Crew Cheer The Pigmy Captors.

OTHER IMPORTANT WAR NEWS.

HONG KONG, April 26.—The despatch ship bearing Consul Williams, formerly at Manila, who is to join the American fleet was compelled to return on account of rough weather. It will leave to-morrow morning. The fleet will probably start this afternoon for *Manila*.

A meeting was held tonight by Philippine rebel leaders in Hong Kong to devise ways to capture the Spanish land forces. A filibustering expedition landed at Hoilo a week ago with a consignment of American rifles and ammunition for the insurgents. The rebels now have 10,000 well-equipped troops.

A Spanish regiment deserted bodily last week. Another will probably desert before the fleet reaches the Philippines.

Consul Williams said today "We will join the fleet immediately." He brings important information for the commodore.

He declares that ten times as much blood will be shed by the natives than by Americans. If the city is bombarded, 30,000 rebels, armed with 6,000 modern rifles, will invest the approaches to Manila, ready for attack as soon as a shot is fired. They are poorly officered, however, and may degenerate into a mob.

There are fears for the safety of non-combatants. The fleet will try to protect the inhabitants.

Consul Williams says that the Spanish have little ammunition. They have one ten-inch coast-defense gun and only five shells, one of which is defective. He places no credence in the story of mines and torpedoes in Manila Harbor. Twenty five are now being constructed, but cannot be laid in time to stop the American fleet.

Spanish atrocities toward the natives are worse than reported. Troops surrounded a meeting of pacificos a week ago and fired, killing sixteen. Later they took sixty seven to a cemetery and shot them on their own graves. There was not even the farce of a trial. Many were entirely innocent.

Consul Williams was warned on Friday to leave by the Governor General, who said that there was a plot against his life.

Consul Wildman of Hong Kong will accompany Consul Williams on board the Olympia, but will not go to Manila.

Williams says the two principal Spanish vessels are stripped of their port guns and are anchored, the starboard facing the approach to the harbor. The guns are mounted on the land defense.

An Associated Press despatch from Hong Kong says that the United States squadron will leave Mirs Bay tomorrow to watch the Philippine ports. The insurgent leader Aguinrldo is on board the cruiser Olympia.

Grange Library.

The Grange at Centre Hall has a fine floating library of standard works, embracing magazines and other choice literature, which affords its members a large scope of reading matter. Adjacent farmers would do well to join this Grange and enjoy the advantages of the library for themselves and family.

—The many flags seen in Bellefonte do the city proud.

A Remarkable Dog.

Bellefonte can boast of one of the most remarkable sagacious and intelligent dogs on record. The canine in question is Nero, a big Newfoundland, the property of the Morgan family on Logan street. Nero has displayed his intelligence in various ways, but the one in particular thing worth mentioning is that of his connection with the Undine Steam Fire Engine company. During the past several years the dog spent considerable of his time with the firemen at their house on Logan street. In this way he became accustomed to the sudden rush of the company when an alarm of fire was sounded and generally accompanied the engine to the fire, howling and barking continually. This was Nero's school, and his dog sense seemed to tell him his duty. Hence, during the past year or more he has served the company as one of the most accurate and faithful fire alarms. On every occasion of a fire in the past 18 months Nero scents it long before the conflagration is discovered by any individual, or an alarm given, and with his dogship's instinct of a duty to perform, rushes up and down Logan street, past the Undine company's house, as well as by the residence of many of the company' members, emitting the loudest and shrillest series of barks and howls possible. Any fireman hearing Nero at this time knows there is a fire somewhere in the town and at once rushes to the engine house. Once the men begin to gather Nero goes to the engine house and trots impatiently up and down until the word "ready" is sung out by the foreman when he takes his place in front of the team and with true fidelity pilots the company direct to the scene of the conflagration, thus frequently bringing the Undine company to the scene of a fire before a public alarm has been given. So faithful has the dog been in the performance of his work that the boys have christened him Gong, and woe be to it to any man who would dare harm a hair of his shaggy body. When Gong completes his duty as pilot to the company he at once returns to the engine house where he remains as sentinel until the return of the Fire company, when he complacently trots off home. —Williamsport Grit.

—Miss Blanche Wensel who so ably assisted Miss Overton in the primary work last year, will together with Ethel Cook assist in the work the remainder of this term. The object in securing another assistant is to develop the work more thoroughly. We know this is a good move and that the primary work will far exceed other years.

THE Patrons of Ohio are opposed to food adulteration, favor graded salaries for officials corresponding to compensation of other laborers; universal suffrage regardless of sex, creed or color; the use of gold and silver as money; the privilege of voting on local option; postal savings banks, and constitutional amendment favoring the iniative and referendum by imperative mandate.

BALD EAGLE Grange, No. 157, at its last meeting conferred the first and second degrees on one candidate. It also discussed "Gardening for pleasure and profit." Several ladies read interesting selections.

Pomona Grange.

The Centre county Pomona Grange, No. 13, is a live and aggressive organization. It is investing its surplus funds in Building and Loan Associations, earning a satisfactory rate of interest. It owns a camp and exhibition park of twenty-seven acres, on the Lewisburg and Tyrone R. R. at Centre Hall, with valuable improvements thereon. It is one of the finest parks in the State. It's Fire Insurance Co., with an experience of twenty one years, is covering risks to amount of $2,581,655 00. at an average cost per annum of 15 cents per hundred dollars. It also publishes its own paper—a monthly—which is now entering upon its third year. Patrons support your own organization.

FROM WASHINGTON!

News as Found in the Country's Capital.

THE DAY WAS A QUIET ONE

President McKinley Issues Another Timely Proclamation—It Refers to Spanish Ships.

ARMY AND NAVY MOVEMENTS

WASHINGTON, April 25,—Conditions in Washington are rapidly settling down to those of actual war. Notices came to the state department from the four quarters of the globe to-day showing that the nations as a rule are prepared to assume an attitude of strict neutrality as between the United States and Spain in the present struggle. In most cases they were in answer to the note sent out yesterday by the state department to all United States embassies and legations instructing them to inform the governments to which they were accredited that war has existed since April 21.

Great Britain has always taken an advanced stand in the principles of neutrality, so that it was with great interest that the news was received of the terms of the neutrality proclamation issued in London. On the whole, the officials are disposed to take the view that a strict adherence by Great Britain to those rules will be rather more advantageous to the United States than to Spain, particularly as we are now operating in the naval sense close to our own base of supplies and in all probability soon will cut Spain off from the two bases that she now has in the neighborhood of Cuba.

The president issued a proclamation during the day laying down rules as to the seizure of prizes and the result, it is believed, will be the release of some of the ships already captured, though it will be for the prize courts to determine in each case whether the conditions under which the ship was captured are such as to warrant release. The impression prevails that the Buena Ventura, the first on the list of prizes will be declared no prize. The case of the Panama, whose seizure was reported to day, is more complicated owing to the fact that while otherwise exempt, the ship was reported to have contained supplies for the Spanish army in Cuba, which are contraband. However, it may be said that while the settlement of these questions will be left to the courts, the administration believes the greatest liberality should be shown in the application of the laws where a vessel is not contraband or attempting to run the blockade. That is shown in the liberal terms of the proclamation itself, by which the prize courts may be guided. It is noted also that the administration has not been deterred by any criticism in congress from formally pledging itself to the nations of the world to refrain from privateering and abide by the declaration of Paris of 1856.

WASHINGTON, D C. 12 M.

At a cabinet meeting held this morning Secretary of State John Sherman handed in his recognition to take effect today at noon. His reason for resigning is on account of his advanced age. Assistant Secretary Day can have the position if he desires it but there seems to be some doubt about his accepting. It is believed however that he will yield to the Presidents urgent request.

SOUDAN, April 25th 12 M.—The British foreign office will issue an order to morrow notifying all warships of the belligerant powers to leave british ports within 24 hours after serving of notice.

WASHINGTON, D. C, 1.05 P. M.—Secretary Day has been appointed to succeed Sherman and has accepted the portfolio of state.

QUEENSTOWN, April 25, 11:20 A. M.—The British Admiral here ordered the Spanish torpedo boat Andrey to leave this port by 6 P. M. this evening.

PHILADELPHIA, April 25, 12 M.—The St Paul, the newest and fleetest passenger steamer of the trans-Atlantic Navigation company, went into Cramps shipyard this morning to be dismantled and have its furniture overhauled and put in shape to be used as an auxillary cruiser or dispatch boat.

This is the boat on which George Runkle, of this place is in service. He has enlisted in the United States service and has been appointed Quartermaster of the St Paul.

WASHINGTON, D. C. 2 P. M.—President McKinley has just sent his message to Congress recommending a declaration of war.

The war department will notify the governors of the different states this afternoon that they expect their full quota of troops at once: They will also designate where they want them assembled.

WASHINGTON, D. C. 2:40 P. M.—It just took Congress one minute and forty-one seconds to pass the Declaration of war.

Quartermaster Johnson of the prize crew of the gun boat Helena who accidently shot himgelf died this morning.

BRIDGEPORT, Conn., 2:40 P. M.—The 4th Conn., Signal corp have refused to a man to volunteer.

HOWARD ITEMS.

Our town we are glad to say has taken on the appearance of prosperity.

Mr. John Breily one of our Blacksmiths spent Sunday in Brush-Valley.

Dr. W. H. Kochler one of Bellefonte Detists spent Sunday with friends here.

Mr. Ira Parker and Brother Chas. left on Friday last for Atlantic City where they will spend the next month.

Quite a number of our young men seem anxious to go to war.

Dr. L. R. Hensyl, is repairing the Brickly homestead, which he purchased at Administrators sale. and when completed it will be one of the finest homes in our town.

Mr. B. Weber has been busy repairing his properties which will add greatly to the appearance of the town.

The Thomas Rothrock property on walnut street has had a complete overhauling and is now a very nice home.

The Christian Endeavor Sociable that was held at the home of the Rev. J. R. Sechrist on Friday evening was a good success.

Mr. W. B. Rossman our popular Shoemaker spent Monday at Bellefonte.

Prof. E. S. Latshaw opened a Summer Normal School on Monday April 25. with a very good attendance.

Mr. C. C. Cook, is on the sick list he has been ailing for the past month.

Our Rake factory has been running about half time.

The Rev. James Hopkins of near Baltimore Md., delivered a very good sermon on Sunday evening in the Christian Chapel.

Messrs. Clarence Daley, Clyde Long and Harry Williams left on Tuesday evening at 4:14 for Bellefonte to go to Cuba with Co. B.

Mrs. H. B. Wilds and daughter Miss Bertha May of Portland, Maine are spending a few weeks at the home of Mrs. F. S. Dunham on Main street

OUR TWO FLEETS

Neither Sampson's Nor Schley's Ships Steam Away.

MANY SCENES OF ACTIVITY

All Is in Prime Shape to move at a moments Notice and Officers and Men Are Hoping to Go Soon.

THE ENGINES ALL COUPLED UP

KEY WEST, April 21.—It is believed now that the fleet will sail in the early morning hours.

At 5 o'clock this afternoon the recall guns boomed from the fleet, ordering all the officers and men who were ashore to rejoin their ships forwith. Tonight however, there had been no movement of the fleet, and there is not likely to be any before morning, as the Cincinnati and the Marblehead have been ordered to the docks to take on coal and water.

Warlike bulletins followed fast upon one another today, and intense excitement has prevailed since early morning. Rumors that sailing orders had been received were afloat throughout the afternoon, but no official confirmation of them could be obtained. The activity on the ships and docks bore out the reports of an early movement.

Captain Sampson had this evening received no orders from Washington relative to sailing. He was expecting some such instructions. He does not believe the Spanish fleet has sailed from Cape Verde. No extra precautions are being taken and, though the enthusiasm and extcitement are intense amongst the officers and the men, the routine continues as on previous days. No special orders have yet been ordered, and it is believed the fleet will sail tonight, though it is probable that the start for Cuba will be made tomorrow.

It is stated though, not officially, that the fleet will first go to Matanzas and there establish a base of operations.

FORT *MONROE*, Va., April 21.—Begining with the reception of the first news bulletin from Washington today, intense excitement prevailed here, both on shore and among the officers and men of the flying squadron.

The officers who came ashore in the afternoon were notified that they must report on board at 10 o'clock at the latest, and that no all night shore leaves would be granted. The officers of the Massachusetts were told that they must report at 5:30 o'clock on board, when leave might be granted for a few hours to see friends. These two orders led to all sorts of rumors.

At 4 o'clock, after the receipt of the Associated Press bulletin that the Spanish believed the ultimatum to be a declaration of war, Commodore Schley signalled from the Brooklyn for all engines to be coupled. In port, ships' engines are uncoupled, and are not usually coupled until at sea. Arrangements were made for the telegraph stations on shore to remain open all night to receive dispatches. Despite the strain on all nerves tonight, men and officers are enthusiastic to a degree and this was demonstrated when the torpedo Rodgers stooped by the Brooklyn on her way out to join the Key West squadron to ask permission of Commodore Schley to proceed. The men flocked to the forecastles of the vessels and cheered heartly. The Rodgers went out of Hampton Roads at full speed.

The colliers assigned to this squadron, Merrimac and the Saturn, are not yet quite ready, but may be in a day. The hospital boat is still in the hands of the shipbuilders, being converted, and can not be ready with a crew for several days.

Plowing Under Rye.

Prof. Roberts writes to the "Rural New Yorker" that rye is one of the very best non-nitrogenous-fixing cover crops, and, in some localities, may provide in early Spring some pasture for light stock; but usually the ground is too moist, and the air too cold for using it in any large way as pasturage. Rye should be plowed under before it makes any very large growth in the Spring. Six or eight inches, or even a less height, are better than to let it grow until it heads. It is most convenient not to plow the land until the rye would naturally head out, then it would better be kept back by pasturing.

There is enough carbonaceous matter in the roots and tops, though small, to supply the land with all that is needed, and there is great danger that it will do injury to the succeeding crop if the weather should remain dry after it is plowed under. More is gained by plowing it under when small and using the time which intervenes between the plowing and the planting of the next crop to set free plant food by extra tillage.

Beware of Ointments for Catrrh That Contain Mercury.

As mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they do is tenfold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free.

Sold by Druggists, price 72c. per bottle. Hall's Family Pills are the best.

—Extensive improvements are to be made at the Presbyterian parsonage and while they are going on Dr. Laurie and family will occupy the Irvin house on High street. Mrs. Blanchard who is now living in the Irvin house will move into her own house on Linn street, as Mr. John Hendrickson and family are going back to Middletown, N. J.

—Rev. Miles O. Noll gave a very interesting lecture in the court house Thursday evening on "The Hygiene of Cheerfulness or Pills for the Liver." The attendance was quite large and the lecture proved highly entertaining to all present.

MOTHER! There is no word so full of meaning and about which such tender and holy recollections cluster as that of "MOTHER"—she who watched over our helpless infancy and guided our first tottering step. Yet the life of every Expectant Mother is beset with danger and all effort should be made to avoid it.

Mother's Friend so assists nature in the change taking place that the Expectant Mother is enabled to look forward without dread, suffering or gloomy forebodings, to the hour when she experiences the joy of **Motherhood.** Its use insures safety to the lives of both Mother and Child, and she is found stronger after than before confinement—in short, it "makes Childbirth natural and easy," as so many have said. Don't be persuaded to use anything but

MOTHER'S FRIEND

"My wife suffered more in ten minutes with either of her other two children than she did altogether with her last, having previously used four bottles of 'Mother's Friend.' It is a blessing to any one expecting to become a MOTHER," says a customer.
HENDERSON DALE, Carmi, Illinois.

Of Druggists at $1.00, or sent by express on receipt of price. Write for book containing testimonials and valuable information for all Mothers, free.
The Bradfield Regulator Co., Atlanta, Ga.

IN SURROUNDING COUNTIES.

Several Clearfield teachers, it is said, will attend the Paris Exposition in 1900.

A new Catholic church, to cost $12,000, will be erected at Patton the coming summer.

As the result of competition between rival telephone companies at DuBois, the rate for service has been cut to $1.50 a month,

Altoona has a man who last week returned his pension certificate to the department, alleging that he had regained his health.

The People's party of Pennsylvania will meet in state convention in Williamsport, Wednesday, April 27. A platform will be adopted and a full state ticket placed in nomination.

Robbers broke into the house of Butcher Richard Schantz at Altoona yesterday morning, chloroformed the occupants, Richard Schantz and John Lehle, and took $247 in cash, two gold watches and other valuables.

The midyear meeting of the Central Pennsylvania conference of the Methodist Episcopal church, will be held in Jersey Shore in October next. The sessions will last four days and upwards of 300 ministers will be present.

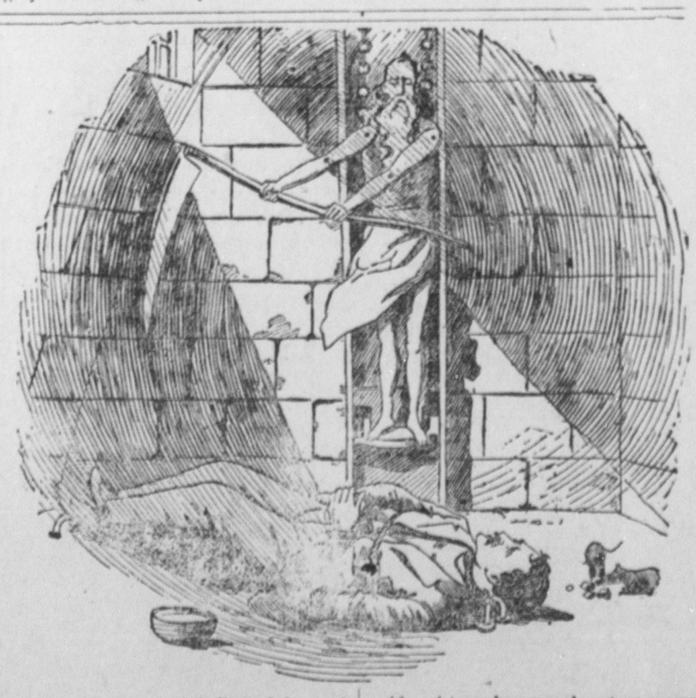
—Mr. John M. Furey, one of the oldest residents of Spring township is confined to his residence by illness.

Several young men came all the way from Centre Hall to witness Thursday nights fire. They were Messrs. John Thomas, Frank Homan and Samuel Karstetter.

PIT AND PENDULUM.

A Prisoner Waiting to be Hacked by Time's Scythe.

Thousands Whose Situations Are Scarcely Less Terrible May Easily and Readily Find Help.



A man lies flat on his back, bound so that he cannot move an inch. He is in a dungeon, at first dark as a well, but in a few minutes a light in the ceiling, far up, shows a mechanical figure of Time with his scythe. The figure descends slowly, the scythe swings, and the prisoner realizes that unless some unexpected help should come, he will be slowly cut to pieces. What followed is told by Edgar Allen Poe in the fantastic story called "The Pit and the Pendulum."

The man awaiting the approach of a dreadful death is a type of a large class of unfortunates who, entangled in the strangling coils of an octopus, have lost all hope of freedom. This monster is Morphine. Perhaps the victim is yet reveling in that glorious state of exhilaration which follows the first use of the drug. If so, like the man in Poe's story, he has not noticed the light in the ceiling and is unaware of his danger. Maybe the disease has progressed so far that the sufferer notices a weakness of the heart's action, that the general health is feeble, the body poorly nourished, the sight double. This is soon followed by a peculiar twitching of the muscles, a numbness of the hands and feet, and the utter collapse of the nervous system. The victim now becomes restless and uneasy. A feeling of despondency seizes him. This mental depression increases as one course of treatment after another fails utterly. The future is dark and filled with gloom. Days of wretchedness follow nights of horror in endless procession. His utter helplessness to rid himself of the incubus adds to his misery. The terrible effects of the deadly drug become more and more apparent. Deeper and deeper he sinks into the mire of despair, until all hope of ever being anything but a slave in bondage is abandoned. Remorse and apprehension take possession of his mind, and the temptation to end his miserable existence becomes almost overpowering.

But there are few situations completely hopeless. Poe's prisoner was rescued when the swinging scythe was close to his breast, and the victims of the Morphine habit and their shattered nerves are restored to the enjoyment of life by a system of treatment which has been perfected by R. A. Gunn, M. D., 41 East 21st street, New York City, and which has yet to record its first failure. It is not a "tapering off" or substitution process. It is as harmless as it is painless. It does away with all desire for the drug, and quickly restores the shattered nervous system to its normal condition. It treats the condition as a disease and not as a habit. It is scientific and successful. For full particulars address as above.

CORTES MEETS!

The Queen Regent Delivers Her Stated Speech.

MOST BRILLIANT ASSEMBLAGE

All of Spain's Present Troubles in Cuba Said to Be Caused by a Section of the People of the United States.

OTHER ADVICES FROM MADRID

MADRID, April 20.—The opening of the Spanish cortes to-day was a magnificent sight. All the wealth and beauty of Madrid gathered in the senate, where every available foot of space was occupied. There was a terrific crush at the entrance leading to the senatorial seats, many of which were occupied by ladies. Large bodies of troops were drawn up outside the building, including the handsomely uniformed Blue Dragoons and the magnificently attired palace guards. All the members of the diplomatic corps were present in full dress.

A wild cheer at 2:30 p. m. announced the arrival of the queen regent, who was driven to the cortes palace in a state coach, escorted by a detachment of Life Guards. The cheering was taken up within the building as the queen regent entered, the cheering being accompanied by enthusiastic cries of "Viva la Reina," "Vive Alfonso Trece" and "Viva Espana," a really tumultuously patriotic demonstration.

The queen regent read the speech from the throne while seated, with the young King Alfonso on her right, and the premier, Senor Sagasta, standing near the king. Her majesty's words were inaudible to all but those in her immediate vicinity. The reading was greeted throughout with cries of "Viva Espana."

A wonderful picture was presented by the queen,s entourage, consisting of most of the highest personages in Spain in brilliant court, military, naval or palace uniforms.

At the close of her majesty's speech there was renewed cheering, after which Premier Sagasta declared the cortes opened, and the queen regent and the boy king, accompanied by the court, left the building amid another wild burst of applause.

The queen regent's speech began:

"The grave anxieties which saddened my mind the last time I addressed you have increased and are heightened by Public uneasiness, conveying the presentiment of fresh and greater complications as a result of the turn which events in Cuba have taken. These complications were brought about by a section of the people of the United States, which, seeing that the autonomy previously offered in my massage, was about to be put in force, foresaw that the free manifestation of the Cuban people, through its chambers, would frustrate forever the schemes against Spanish sovereignty which have been plotted by those who, with resources and hopes sent from the neighboring coast, have fettered the suppression of the insurrection in that unhappy island.

"Should the government of the United States yield to this blind current, the menaces and insults which we have hitherto been able to regard with indifference, for they were not the expressions of the true American nation, would become intolerable provocations, which would compel my government, in defense of the national dignity, to sever relations with the government of the United States.

"In this supreme crisis the sacred voice of him who represents human justice on earth was raised in councils of peace and prudence, to which my government had no difficulty in hearkening, strong in the consciousness of its right and calm in the strict performance of its duties."

Her majesty added: "Spain's gratitude is due to the pope, and also to the great powers, whose action strengthens my conviction that Spain's cause deserves universal sympathy."

Continuing her majesty said: "Possibly, however, the peace efforts may fail to control the evil passions excited against Spain. Lest this moment arrive I have summoned the cortes to defend our rights whatever sacrifice they may entail. Thus identifying myself with the nation, I not only fulfill the oath I swore in accepting the regency, but I follow the dictates of a mother's heart, trusting to the Spanish people to gather behind my son's throne and to defend it until he is old enough to defend it himself as well as trusting to the Spanish people to defend the honor and the territory of the nation."

Will Start a Paper.

Editor P. Gray Meek, of the Watchman was at West Chester, Tuesday, and made a proposition to the Democrats of Chester county that if they would insure him a subscription of about 2000 he would start a paper there and conduct it as his own private enterprise but advancing the interests of Democracy.

This idea met with general favor and the Democrats present agreed at once to make a canvass of their respective districts and see what could be done in the way of finding subscribers.

Devout priests frequently mortify their flesh and voluntarily force themselves to undergo great bodily hardships and deprivation. They are enabled to do this and escape serious injury to their health by reason of the purity of their lives and the fact that they deny themselves the pleasures of the table.

An ordinary man who lives in the ordinary way cannot long endure hardship, deprivation or overwork, unless he takes the right remedy to reinforce nature. The average man when he is in good health eats too much. When he gets a little out of sorts he pays no heed and keeps right on "making a hog of himself." In some instances he gets thin and emaciated. In others he gets grossly corpulent, and weighted down with flabby fat. In the first instance he is a candidate for dyspepsia and nervous prostration. In the second for kidney trouble or heart failure. Dr. Pierce's Golden Medical Discovery enables the average man to undergo a great deal of hardship, deprivation and overwork, in spite of the life he leads. It causes the food to be properly assimilated. It builds firm, healthy flesh, but does not make corpulent people more fat. It cures dyspepsia, nervous troubles, kidney disease and 98 per cent. of all cases of consumption. It prevents weakness in any organ of the body.

"In August, 1895, I was taken down in bed with a burning and severe pains in my stomach and under my shoulders, and dizziness in my head," writes Ira D. Herring, Esq., of Emporia, Volusia Co., Fla. "My home physician said my symptoms were like consumption. Nothing that I ate would digest, and I had great distress in my stomach. I wrote Dr. Pierce for advice, and took four bottles of his 'Golden Medical Discovery' and three of 'Pleasant Pellets.' I am now able to do my work and eat many things that I could not touch before I took these medicines."

An inactive liver and constipated bowels are promptly cured by Dr. Pierce's Pleasant Pellets. They never gripe.

Examined the St. Paul.

PHILADELPHIA, April 19.—A naval board composed of Captain Sigsbee, Lieutenant Commander Winslow and Naval Constructor Linnard was engaged to-day in making a thorough examination of the American line steamship St. Paul, recently chartered by the government. The result of the examination and the recommendations made by the board will not be made public here, as the board will report directly to the navy department.

The members of the board examined the St. Paul very thoroughly, and it is said found the vessel in excellent condition. It is stated that the board has not decided whether to recommend that armor be placed on the St, Paul. This would delay the work on the vessel, and it is expected that the board will recommend that the St. Paul go to sea as an unarmored cruiser.

A Truthful Statement.

An excellent and invaluable remedy, for the cure of cough, cold and hoarseness, is Dr. Bull's Cough Syrup, and Mr. Jas. Hadfield, 350 West St., New York City, verifies this statement. He writes: "Dr. Bull's Cough Syrup is a most excellent remedy for cough, cold and hoarseness, and I take great pleasure in recommending it to all, who require such a valuable household medicine." Dr. Bull's Cough Syrup is sold everywhere for 25 cents.

The New Telephone Company.

The Central Telephone Company, in which Mr. W. L. Goodhart, of Millheim is interested, has its main offices at Bellefonte, and will apply for a charter this week. It covers a large territory, including Centre, Clinton, Clearfield, Huntingdon, Montour and Lycoming counties. Public exchanges are to be established at once at Bellefonte, Lock Haven, Jersey Shore, State College and Renovo. All towns in the counties are to be taken in, to connect with the Phoenix at Tyrone, and a new company at Williamsport, which will enable the Central Commercial to establish a long distance service to Pittsburg at once and to Philadelphia by January 1, 1899. The company is capitalized at $25,000. Its officers are: Wm. Thompson, President, State College; W. L. Goodhart, Secretary, Millheim; Ellis L. Orvis, Vice President, Bellefonte; W. E. Gheen, Treasurer, Antes Fort; Directors—Wm. Thompson, Tyson Shadel, H. P. Harvey, P. M. Stephenson, Dr. Houtz, Ellis L. Orvis, F. E. Naginey, Commissioners' Clerk Robb, N. E. Reber. Work on the lines is to be commenced in the near future. The rates all over the territory are to be $2.00 and $1.50 per month, extending to Altoona and Williamsport.

Catarrh for Twenty Years and Cured in a Few Days.

Nothing too simple, nothing too hard for Dr. Agnew's Catarrhal Powder to give relief in an instant. Hon George James, of Scranton, Pa., says: "I have been a martyr to Catarrh for 20 years constant hawking dropping in the throat and pain in the head, very offensive breath. Tried Dr. Agnew's Catarrhal Powder. The first application gave instant relief. After using a few bottles all these symptoms of Catarrh left me. It is a great remedy."—2.

Notes from Tioga County—Seebring Grange No. 1047.

MARCH 28, 1898.

Our experience in co-operation in purchasing and selling has given our people great satisfaction. We elected a committee to look after our business interests and appointed a purchasing agent. We send for grass and clover seeds by the quantity and buy direct and save from one to two dollars per bushel, which formerly went to middlemen. We also use fertilizers pretty extensively and by combining our orders and buying direct save considerable—say from three to four dollars per ton. We also send for groceries, tinware, and a variety of other articles, on all of which we save a handsome and satisfactory margin. During the quarter our purchases and sales exceeded two hundred dollars, and we propose to continue to buy and sell through the Grange.

Our Grange meets every two weeks and we generally have a good turnout. The Lecturer's programs are always interesting by giving us profitable discussions, recitations, etc. We also have a library and the reading matter it contain is worth far more than the outlay of ten cents per month for dues.

We believe in the arbitration feature of our organization. If neighbors get into trouble, as difficulties will sometimes arise, by coming together and submitting their grievances to a judicious committee of Patrons the ends of justice are better secured than they would be by appealing to the law and saves dollars to both parties.

The Grange is a great blessing to the farmers of every community, by bringing them closer together and securing a better understanding among themselves. It is building up a stalwart, thinking, independent people and educating them to take care of themselves and their interests by securing the passage of laws that tend to place the agriculturists on an equality with other classes. Equality is all we ask—nothing more, and we will be satisfied with nothing less. More anon.

Fraternally,
JAS. WYLIE.

The Mission of America.

"Does any true American waver in his opinion as to the true mission of this republic? Then let him find inspiration and hope in the national standard. Behold the stripes of red, let this symbolize Rome, the nation which gave us civil and political law; the stripes of white, the Greeks, who gave us art and philosophy; and the field of the blue and the stars, the *Hebrew* nation, who gave us religion, combining all these, we have the product which it is our glorious privilege, our mission, to promulgate throughout the earth.

This product is none other than civil, political, and religious liberty. To carry on this mission, we must keep free from the European political system. We must have protection, it need not necessarily be one-sided and unjust to agriculture. We can have equity, when protecting agriculture by a bounty on exports so long as we protect manufactures by a tariff on imports."—*Hon.* David Lubin.

Ordered to the Front.

Captain D. C. Pearson of the United States Army, who has had charge of the cadets at the Pennsylvania State College for the last four years, received orders Wednesday afternoon from the War department at Washington to report immediately for duty at Chicamauga Tenn. He will leave State College today. Prior to locating at the college he was captain of the Second Cavalry, Washington, D. C.

CASTORIA.
Bears the Signature of Chas. H. Fletcher. The Kind You Have Always Bought

—We are face to face, with grave responsibilities, and the time has come for the Republicans of this state, to stand together, in giving hearty support to the Republican administration at Washington. Everything that tends to disrupt the party, should be looked upon with suspicion and regarded with aversion. This is no time to denounce party leaders, and to throw mud at the men, who are doing all they can, in the cause of "God and our country.

They Are Engaged.

The announcement of the engagements of well known Jersey Shore society belles has been made. They are Miss Rachel Humes to William Hepburn, of that place, and Miss Mary Sides to J. Grier Foresman, of Williamsport.

—W. I. Daggett, of the Bush house has taken the Palmer house at Patton, Pa., and is at present in that place getting things in shape. His brother Seth Daggett will be resident manager of the hotel while Mr. Daggett will divide his time between that place and here.

A Word of Warning

The trouble with thousands of women is not "female weakness," although many physicians suppose it is. The real trouble lies in the Kidneys, Liver and Bladder. Doctors often fail to effect a cure, simply because they don't give the right remedy. Women as well as men can ascertain for themselves if their Kidneys are diseased. Simply fill a bottle or glass tumbler with urine and let it stand a day and a night. If there is a sediment at the bottom, something is wrong with the Kidneys. If there is a desire to urinate often—if there is a pain in the small of the back—if the urine stains linen—look out! The Kidneys are diseased.

Ladies can take ***Dr. David Kennedy's Favorite Remedy*** with perfect assurance of relief. It will cure them of Kidney, Liver and Bladder disorders just as certainly as it cures men.

Mrs. G. W. Davenport, of West Troy, N. Y., says: "I was troubled with my Kidneys, and suffered intense pain in my back and loins. The wife of Dr. Robinson, pastor of the First Avenue Methodist Church, recommended ***Dr. David Kennedy's Favorite Remedy.*** I got some, and have used it ever since, with the result that I am greatly benefited. All pains have left me, and I am like another person."

Dr. David Kennedy's Favorite Remedy is a perfect blood and nerve medicine. It restores the liver to a healthy condition and cures the worst cases of constipation. It is a certain cure for all diseases peculiar to females.

Sample Bottle Free

Favorite Remedy is such a certain cure that the Dr. David Kennedy Corporation, Rondout, N. Y., will forward, prepaid, a free sample bottle to every sufferer who sends his or her full postoffice address and mentions this paper. The fact that our liberal offer appears in this paper is a guarantee of its genuineness.

All druggists sell *Favorite Remedy* at $1.00 a bottle.

Send your name and address on a postal card, send it to Geo. W. Best, Tribune Office, New York City, and a sample copy of the New York weekly Tribune will be mailed to you.

THE LINER PARIS!

Reported to Have Been Captured on the High Seas.

BY SOME SPANISH CRUISERS

All Persons Desire the Continuance of the Sagasta Cabinet—Much Enthusiasm Reported in Madrid, Etc.

QUEEN REGENT IS PLEASED

London; April 23.—The Daily Chronicle publishes a rumor that the American liner Paris has already been captured by Spanish warships.

The Spanish embassy here to-day notified the Madrid government of the departure of the steamship Paris, and it is believed that fast cruisers from Cadiz and Coruno will try to intercept her. The Paris has been placed by the United States government in its list of auxiliary cruisers.

The Liverpool correspondent of the Daily Telegraph says: "Surprise was expressed here to-day that the Paris should have sailed unescorted and especially as there were rumors that Spanish war vessels were waiting to intercept her off the south coast of Ireland. Yet the passengers of the Paris were assured of their perfect safety."

Havana, April 22.—Captain General Blanco has published a decree confirming his previous decrees and declaring the island to be in a state of war. He also annuls his former similar decrees granting pardon to insurgents and places under martial law all those who are guilty of treason, espionage, crimes against peace, or against the independence of the nation, seditious revolts, attacks against the authorities and against those who disturb public order, though only by means of printed matter.

Madrid, April 22.—All the persons who have been consulted by the queen regent have advised a continuance of the Sagasta cabinet. It is probable, however, that the minister of marine, Admiral Bermejo, will insist upon resigning in order to take command of a squadron.

Patriotic enthusiasm reigns throughout. Madrid and the Spanish provinces. The queen regent had a long conference to-day with General Weyler and the European diplomats had frequent conferences with Senor Gullon, the minister for foreign affairs.

An immense crowd witnessed the military parade in front of the palace to-day, and intense euthusiasm was displayed when the young king appeared on a balcony. A big demonstration took place before the military club to-night.

Madrid, April 22.—The Liberal to day recalls the blockade of Carthagena, South America, in 1741, when, it says 2,000 Spaniards repulsed a British fleet with 11,000 men on board; killing 600 of the British. The Liberal adds: "The English were so sure of victory that medals had prevously been struck, representing a Spaniard kneeling and delivering his sword to the British admiral." Continuing, the Liberal points to this as being a lesson to Spaniards "not to be dismayed by Yankee bluster."

Running Sores.

The outcome of neglect, or bad blood, having a never-failing balm in Dr. Agnew's Ointment. Will heal the most stubborn cases. Soothes irritation almost instantly after first application. It relieves all Itching and Burning Skin Disease in a day. It cures Piles in 3 to 5 nights. 35 cents.—11.

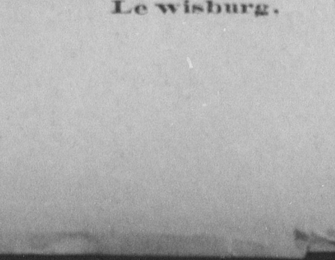
New Horse Shoe and Calk.

Have you seen or heard of the Neverslip Horse-shoe and calk? As the name indicates it is intended to prevent horses from slipping,—either on ice, on grass, or any sort of smooth surface. It is meant to enable the animal to get a grip with his feet every time he is required to pull. For in proportion as he fails to do this, he is useless.



The Neverslip shoe is as good a shoe as can be made. The Calk is inserted by the thread—screwed in with a wrench made for the purpose. Your blacksmith puts on the shoe and inserts the calks—using size of calk adapted to weight of horse. After that you can put them in yourself, and when worn remove them and replace with new ones. It is only a matter of twenty minutes for four feet. Your horse is then immediately sharp shod without leaving the stable; a manifest advantage of a morning after a sudden freeze-up. Better than waiting two or three hours at the shop and cheaper. The cost of keeping a horse shod and sharp by this method is a *fraction less than one-half* cost by the old method. It is so easy to insert and remove the Neverslip Calk that you don't let them wear down as you let the old calks do. And then by keeping the calks long you keep the shoe off the ground and so save wear. The Neverslip Calk does not work loose nor rust fast. By using Neverslip Calks, a set of Neverslip shoes will outlast two to three sets of the old shoes during the winter.

Ask your blacksmith for them.

For further information address the Neverslip Manufacturing Co., New Brunswick, N. J.

POLITICAL ANNOUNCEMENT

LEGISLATURE.

We are authorized to announce the name of JOHN A. DALEY, of Curtin Township, as a candidate for the Legislature, subject to the decision of the Republican county convention.

PROTHONOTARY.

I hereby announce my name as a candidate for Prothonotary, subject to the decision of the Republican convention.

A. C. WILLIAMS,
Huston Twp.

Sleepless Nights

Run Down in Health—Constant Pains in Arms and Shoulders—A Valuable Gift—Health, Appetite and Sleep—Pains are Gone.

"I was run down in health and could hardly keep on my feet. The least exertion would cause palpitation and I would feel as though I was being smothered. My nights were sleepless and I felt worse in the morning than when I retired. My liver was out of order and I had constant pains in my arms and shoulders and numbness in my limbs. I was sometimes dizzy and would fall. My son gave me two bottles of Hood's Sarsaparilla and they proved of more value than a very costly gift. In a short time after taking Hood's Sarsaparilla I had a good appetite, sleep came back to me and the pains all left me." MRS. ANNIE E. STETTER, 621 Marietta Ave., Lancaster, Pa.

Hood's Sarsaparilla

Is the Best—in fact the One True Blood Purifier. Sold by all druggists. Price $1, six for $5.

Hood's Pills are the best after-dinner pills, aid digestion. 25c.

Delegate to State Convention.

The friends of John M. Dale, Esq. are urging him to be a candidate for delegate to State Convention, subject to the approval of the Republican county convention, and we understand that Mr. Dale has consented to serve his friends in this capacity. The convention could not do better than to send him as their representative. He is an old time Republican, always true to the best interest of the party and will serve them to the complete satisfaction of everyone.

Railroad tonnage continues heavy. On Western roads, east-bound shipments are large, but west-bound shipments on many lines exceed east-bound. The movement West is largely in heavy groceries, iron, structural works, railroad supplies, carriages, engines, boilers and heavy machinery, materials for street improvements and building material including lumber."—From Dun's Review, April 16th.

Dismiss This Bad Habit.

Lack of punctuality is a particular failing of the American people. If a meeting is arranged to begin at 8 o'clock a large majority of those in attendance will get there barely on time, and a goodly number a few minutes after. It is awfully hard for the most of us to keep up to our good resolutions to begin on time and quit promptly. So long as our lagging effects ourselves alone it is immaterial but when others suffer for it it's time to pull ourselves up and see what can be done about it. In the "good" old days, of open fires, tallow dips, homespun and salt meat the country store was the rural substitute for the Metropolitan club, and around the rusty red hot stove affairs of church and state were discussed at length, until the tired-out merchant was driven by sleep to reluctantly close the doors on the long-winded habitues, who were wound up never to stop. With steam heat, electric light and a revolution in business has come a demand for many changes; woman clerks, too, have affected a radical difference in merchantile matter, and no one willingly return to the oldtime store and its attendants, but in the matter of long hours reform comes but slowly. When it does come, moveover, it unhappily doesn't stay. Bellefonte merchants in common with those of other towns realize that from 7 or 7:30 a. m. to 8 p. m. is a long time for clerks, especially girls, to be on their feet, and that the most faithful employe grows dull, if forever kept at the tread mill. Consequently the 8 o'clock closing system was inaugurated and nominally, still exists with certain of our business houses, but moved with the desire to please their patrons who are tardy in making their appearance and taking their departure, not a few of our leading merchants have allowed the 8 o'clock closing system to fall into disuse. That it is hard on employers and employes no one will deny. Being in business doesn't annihilate all the social instincts in man or woman, indeed the person confined to one building and one occupation through the day desires more keenly than others the change and recreation afforded by an hour or two of freedom in the evening. It rests with the patrons, chiefly the ladies, to aid the merchant in restoring the early closing system and a little bit of thoughtfulness on their part will give a great deal of pleasure to those who serve us all so cheerfully. Warm weather is coming, some time, and everybody likes to get out in the evening, clerks not expected, and we hope our reader will think of this when arranging for their shopping.

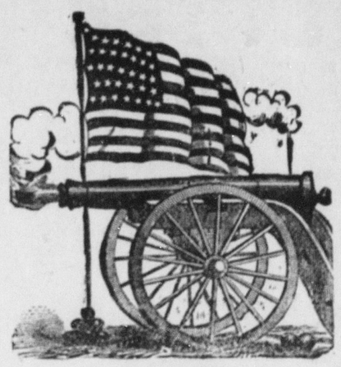
The five long trains of double cars used for transporting Ringling Bros.' World's Greatest Shows from city to city have a floor space of over 130 ordinary railway cars.

—Postmaster General Geary has resigned and Charles Emory Smith, editor af the Philadelphia Press has been appointed in his stead.

—The sad news reached here last Thursday of the death Wednesday evening of A. J. Casswell, of Scranton. He will be remembered as the husband of Miss Annie Swartz, formerly of this place. The funeral took place at Scranton Saturday morning at 10 o'clock.

—Seven hundred miners in the employ of the Patton Coal Company, have quit work and the company is very much embarrassed on account of the 400,000 tons of coal contracted with the Government for Key West.

HOOD'S PILLS cure Liver Ills, Biliousness, Indigestion, Headache. Easy to take, easy to operate. 25c.



OUR FLAG.

Gen. Washington designed it and widow Betsy Ross, made it in her little home, at 239 Arch street. Philadelphia, 120 years ago. She sewed only thirteen stars into the flag which was flung to the breeze by the Continental Armies, and now there are forty five, but the stripes will ever remain the same, seven red and six white. When the immortal Washington asked the widow Ross whether she could make a flag, she replied: "I don't know, but I will try." The flag which she cut out and sewed together with a nimble needle has had a progeny that may be counted by the millions, and it has been seen a-flutter on every sea, and is known in every land. So distinctive are the Stars and Stripes, and so grandly are they identified with human liberty, that one may say without fear of contradiction the American flag is recognized the world over the instant it is seen, and never does it fail to thrill the observer who knows the story of its origin. So rapid has been the march of events since the Stars and Stripes were first unfurled at old Fort Schuyler, August 3d, 1777, and so populous and great have the States become, that it seems almost an Eternity of time since Betsy Ross sat in her humble home and made the flag. And yet there are living today in Philadelphia descendants of Betsy Ross who heard the story from her own lips.

PEOPLE WE KNOW.

They Are Bellefonte People and What They Say Is Of Local Interest.

When an incident like the following occurs right here at home, it is bound to carry weigh with our readers. When so many strange occurences go the rounds of the press, are published as facts, when the intelligent reader knows they cannot be true, there is no wonder that people become sceptical. On one subject skepticism is rapidly disappearing. This is due to the actual personal experiences of our citizens and their public utterances regarding them. The doubter must doubt no more in the face of such evidence as this. The public statement of a reputable citizen living right here at home, one who you can see every day, leaves no ground for the skeptic to stand on.

Mrs. F. Davis, of Logan street, says: "I can say that Doan's Kidney Pills did more toward freeing me from the terrible pains in my back than any other medicine ever did. I had taken so many kinds and so many prescriptions without any perceptible gain that I was unprepared for the immediate improvement I recieved from taking Doan's Kidney Pills, I read statements about Bellefonte people who had been cured by their use and I got them at F. Potts Green's drug store. After taking them I felt so well that I walked down town with my husband, something I had not done for two years. I highly recommend Doan's Kibney Pills to others suffering from their back and kidneys. I have more confidence in them than in any physician's prescriptions. They helped me in every way and removed the languor I had been troubled with and generally invigorated me."

Doan's Kidney Pills for sale by all dealers. Price 50 cents. Mailed by Foster-Milburn Co., Buffalo, N. Y., sole agents for the U. S. Remember the name Doan's and take no substitute.

Read the Patron Carefully.

You will find it a wide awake up-to-date Grange paper. It is "of the Grange, by the Grange and for the Grange" first and last.

APPLYING THE TORCH

Spanish Troop Laying waste Cuban Coast Cities.

SO REPORT THE FUGITIVES

Who Have Arrived at Kingston, Jamaica, from Santiago, DeCuba—Excitement Reported at Barcelona and Madrid.

LOTS OF TROUBLE IN PORTO RICO

KINGSTON, Jamaica, April 24.—The United States consul at Baracoa, Cuba, Alfredo T. Triay, his wife and child, two Spanish merchants and twenty-two Cuban and Cuban-Americans, mostly women and children from Guanantamo, disembarked from Ely here today, after a twenty-four hour quarantine.

When the steamer left Guantanamo Friday last, a Spanish mob, including many soldiers, filled the public square and adjacent streets, yelling "Death to the Yankees!" Several American flags were soiled, torn, trampled and treated with elaborate unmentionable indignities. Some unturalized Americans were compelled to take part in the insulting work, on the threat of death if they refused.

Orders to the Spanish army declaring the armistice ended were publicly posted at Guantanamo last Friday. Two days previous the troops began concentrating at the principal seacoast cities, abandaning all the interior towns and plantations, in many cases burning them. The passengers of the Ely believe the devastation of that part of the island will be completed before the Americans can invade the ports held by the Spaniards.

Ordinarily there are 2,000 Spanish soldiers at Guantanamo. Now there are 7,000 Spanish soldiers there. New defenses, earth works chiefly are under construction, and the mounting of field pieces is in progress

Two rapid fire twopounders, and one rapid fire, two threepounders and four ancient models have been received.

ST. THOMAS, West Indies, April 24.—According to the latests advices from Porto Rico, the agitation there is increasing and food prices are rising fast. The authorities have taken steps to prevent the departure of refugees.

At Mayagues, seventy miles southwest of San Juan, there is talk of a revolution.

Refugees from Porto Rico who reached here by schooner this evening report that the condition of the island is critical. Martial law has been proclaimed, and Americans there are in danger, as they are without protection. United States Counsul Van Horn here has bought 1,500 tons of coal for the United States government, which will arrive here tomorrow, and he is negotiating for more.

MADRID, April 24.—There were slight demonstrations early this morning and again this evening, but they were dispersed by Governor Aguilera. The one subject of conversation throughout the day has been the capture of the Buena Ventura prior to a formal declaration of hostilities or the lapse of the time limit in the American ultimatum. The papers describe it as an act of piracy.

The fact that the cabinet council was held in the morning instead of the afternoon, as had been arranged, probably means that news has been received necessitating prompt action but nothing has been divulged to the public.

BARCELONA, April 24.—The most intense excitement prevails here. thousands of people are parading the streets and demonstrating in front of the French and Mexican consulates.

THE Grange is burnishing the intellect of many farmer boys and infusing new life into the girls of the rural districts by affording an opportunity for social and educational progress. The former will be heard from in the future as legislators and statesmen and the latter as the refined vivacious ladies of the coming century.

REFORM must begin at the bottom and work upward. Nothing can be accomplished by reversing this great principle. It must come from the common people.

4-15td

THE MOST FAVORABLE SEASON.

To cure catarrh is in the spring. During the winter the patient is likely to take fresh cold and have a set back. But if treatment is begun in the spring and continued into the summer, nothing need be feared for the succeeding winter. Of course, it all depends on the medicine. There are a great many catarrh medicines which relieve the most disagreeable symptoms temporarily. Pe-ru-na cures more slowly but also more permanently than this class of medicines. A course of Pe ru na during the spring will cure catarrh more quickly than at any other season. Mr. Walter H. Tucker, Concord, N. H., writes Dr. Hartman as follows: "When I began taking your medicines four years ago I was suffering with chronic catarrh. I had taken nearly two dozen bottles of so called catarrh cure without much relief. Pe ru na cured the night sweats and dizziness; it cured the cough I have had from my cradle; I can say it saved my life."

Dr. Hartman has published in book form a series of lectures on various phases of chronic catarrh, which he calls "Winter Catarrh." This book will be sent free to any address by The Pe ru na Drug Manufacturing Company, Columbus, Ohio.

An article on a novel subject in the May Century is "The Secret Language of Childhood," by Oscar Chrisman. The author will give whimsical examples from "Hog Latin" and other kindred languages.

An Opportunity You Now Have

of testing the curative effects of Ely's Cream Balm, the most positive cure for Catarrh known. Ask your druggist for a 10 cent trial size or send 10 cents, we will mail it. Full size 50 cents.

ELY BROS., 56 Warren St., N. Y. City.

My son was afflicted with catarrh. I induced him to try Ely's Cream Balm and the disagreeable catarrhal smell all left him. He appears as well as any one.—J. C. Olmsted, Arcola, Ill.

Centre County Pomona Grange, Patrons of Husbandry.

To the Subordinate Granges and Patrons of Centre County:

We beg to call your attention to the 26th Annual Encampment and Fair to be held on the County Grange Camp Ground, Centre Hall, September next.

The grand success of the Stock and Poultry Exhibit in the past should encourage our members to take a more active part in the exhibition as being both profitable and instructive, displaying the enterprise and intelligence of the farmers of our county.

To make a creditable display at the exhibition, we must commence the preparation in the Spring of the year, so as to bring our Stock into the best and most thriving condition. We would specially call your attention to the poultry exhibit which was said to have been finer than that at the State Fair last year, we want this year to make this a special feature of our Grange Fair, several large poultry breeders have already volunteered their services to help get up a grand Poultry Show, two hundred birds have already been pledged.

We would therefore ask every Patron and every Grange to do their best in making preparation for the success of the poultry exhibit, let every family in the Grange send a coop of turkeys, geese, ducks, chickens, pea fowls, pigeons and other fancy birds you may have. We want five hundred of the finest birds for our exhibition, will you help to raise them also ask your neighbor to join you.

Send to poultry breeders for eggs of new varieties of birds. Among the exhibitors last year were the Shook Brothers, of Spring Mills, Pa.; J. H. Detwiler, Aaronsburg, Pa., and many others, from any of whom you can procure eggs for breeding purposes, or if these do not have what you want look over some poultry journal you can certainly find something to interest you.

Will the members of your Grange do their part and help to make our County Grange Fair a grand success the coming Autumn and an honor to the farmers of our county? Fraternally submitted,

Committee { LEONARD RHONE, GEORGE DALE, J. J. ARNEY, GEO. GINGERICH, J. S. DAUBERMAN.

May, 1898.

REWARD.

$5,000 reward will be paid for information that will lead to the arrest and conviction of the person or villians who tore down the flags placed at the Post office.

D. F. FORTNEY.

Ringling Brothers have the largest herd of elephants in the world. There are twenty five of these interesting and intelligent animals, ranging from the tiniest of baby elephants to the mammoth, towering above all living creation, and weighmany tons.

NATIONAL GUARDS!

Our Own to Mobilize at Mt. Gretna on Thursday.

UNCLE SAM ASKS FOR TEN

Our Quota is 10, 800 Troops and These Must be Organized Into Ten Commands Instead of Fifteen As at Present.

ORDERS HAVE BEEN ISSUED.

HARRISBURG, April 25.—Adjutant General Stewart, by direction of Governor Hastings, issued orders tonight ordering the entire division of the Pennsylvania National Guard to mobilize next Thursday at Mt. Gretna. This action was taken in response to a message from Secretary Alger, calling upon the Governor for Pennsylvania's quota of troops. The governor immediately replied as follows to Secretary Alger:

"Your telegram this date, calling for ten regiments of infantry and four Battrries of artillery, just received. The call will be obeyed promptly. Our troops will be mobilized at Mt. Gretna, twenty miles from Harrisburg, on Thursday next. We have three hundred thousand rounds of ammunition; forty-five calibre Springfield rifles, model eighteen hundred and eighty-four; seventy-five hundred Springfield rifles, calibre forty five; three hundred and sixty carbines; six 32-10 breech-loading steel guns; eighty-five hundred woolen blankets; three thousand common tents; three hundred and fifty wall tents; one hundred and fifty hospital tents, eight thousand each of haversacks, canteens and blanket bags. Three troops of cavalry, sixty men each, fully equipped. Three light batteries, seventy-six men each, fully equipped with two breach-loading guns to each battery. Troops ready for muster as soon as mobilized. Will advise you more definitely later."

The troops will be recruited into the United States service after they reach Mount Gretna. There are fifteen regiments in the Pennsylvania National Guard, so that, according to General Alger's plan five regimental organizations will not be mustered into the recive. This plan will necessitate a comble reorganization of the guard. The artillery companies will also leave to be reorganized to comply with Alger's order. The three cavalry companies will not be mustered into the United States service under arrangement. The troops will begin to move tomorrow.

PHILADELPHIA, April 25.—The orders for the mobilization of the Pennsylvania militia were received by Major General Snowden at division headquarters shortly after 8 o'clock to-night. Lieutenant Colonel Elliott, assistant adjutant general, immediately sent the following telegram to Brigadier Generals, Schall, Wiley and Gobin, respectively:

"Move brigade to Mt. Gretna, arriving Thursday, 28th inst., not later than 6 p. m. No advance details. Two musicians only to infantry company. By order commander-in-chief under direction major general commanding.

"WILLIAM J. ELLIOTT,
"Assistant Adjutant General."

In order to comply with this it will be necessary for the Second brigade to leave Wednesday afternoon or evening. The Third and First brigades will leave Thursday morning.

—Did you ever notice how grotesque your silhouette on the wall will look, no matter how delicate and fine looking you may be. As the long slender arm sails upward to stroke the ponderous mustache, the hand looked as big as a tea kettle, and we wont believe it belonged to Newton Bailey, and those girls who said it was as good as a magic lantern show must have been mistaken.

New Grange Hall.

The work on the new Grange hall, Centre Hall, is progressing satisfactorily. It will be an elegant structure of brick, 73 feet deep with a wing 22 feet. It will be a credit to the order and an ornament to the town.

Easy to Take
Easy to Operate

Are features peculiar to Hood's Pills. Small in size, tasteless, efficient, thorough. As one man said: "You never know you have taken a pill till it is all over." 25c. C. I. Hood & Co., Proprietors, Lowell, Mass.

Hood's Pills

The only pills to take with Hood's Sarsaparilla.

War Pictures in the New York Ledger

The New York Ledger has a new attraction. Without changing its character as a story paper and family weekly it has added large full-page illustrations of contemporary events and characters. A recent number had a fine portrait of General Nelson A. Miles on its first page, and the currant number follows with an equally good portrait of Captain William T. Sampson. The next number will contain an excellent full-page portrait of Commodore Winfield Scott Schley. These men are likely to become national heroes, and our people are interested in having life-like representations of them for preservation. The large double-page pictures in the above numbers of the Ledger, of New York Harbor and its fortifications, characteristic in the city of Havana, the Flying Squadron, and picturesque Key West, are illustrations of great interest and beauty, showing important localities likely to be the theatre of great events in the near future. This is a step worthy of this favorite weekly paper and its enterprising proprietors. The price of the Ledger, with its twenty pages of reading matter and illustrations, is five cents. It can be ordered of the local newsdealer or of the publishers, Robert Bonner's Sons, Ledger Building, New York.

Ringling Bros.' famous and popular circus represents a cash investment of $3,700,000. The cost of operating this stupendous enterprise will be over $1,200,000 this season.

IN MEMORIAM.

MICHAEL FISHBURN.

Resolutions of respect passed by Logan Grange, No 109, P. of H., at their first regular meeting in March:

WHEREAS, God in his infinite wisdom has seen fit to remove from our midst by death, Brother Michael Fishburn, who was but recently received into our order,

Resolved, That we bow in submission to the will of Him who doeth all things well. That our charter be draped in mourning and that we extend to his bereaved wife our heartfelt sympathy in her affliction.

Resolved, That a copy of these resolutions be furnished to the bereaved widow. That they be entered upon the minutes of the Grange and that proofs of the same be sent to two of our county papers for publication.

Committee { F. W. MUSSER, C. S. HAZELL, MRS. ALKA KLINE.

Bellefonte, April 5, 1898.

WILLIAM HOSBAND.

WHEREAS, It hath pleased Almighty God to remove from our midst our worthy friend and brother, William Hosband, and we bow humbly to the will of "Him, who doeth all things well," for we mourn not as they who have no hope.

Deceased was for many years an active member of Union Grange, and filled almost every office from the highest to the lowest with zeal and integrity. *He* was an earnest worker in the Grange and was in close touch and sympathy with the principles of our order. Therefore be it

Resolved, That in the death of Brother William Hosband, the Grange has lost an earnest worker, the family a loving husband and father, and the community at large a good citizen.

Resolved, Further, that we have these proceedings recorded on our minutes and published in our Grange papers, and that a copy of the same be sent to the bereaved family and our charter draped in mourning for thirty days.

Committee { E. J. WILLIAMS, WM. T. LEWIS, MRS. LILLIE INGRAM.

Unionville, April 19th, 1898.

FROM HAVANA!

Latest News from Our Fleet of Good Fighters.

ON BOARD THE FLAGSHIP NEW YORK, OFF HAVANA, April 25.—10 A. M.—The early morning hours to-day were taken up by a vigorous chasing of moving lights. The only vessel spoken was the British schooner Iolanthe, of Windsor, N. S. She was allowed to proceed. She was just out Matanzas. No shots have been fired since yesterday morning on either side. The Dolphin and the converted yacht Eagle arrived from Key West this morning. The Dolphin carried the officers and prize crews that had been placed on the steamer Pedro and the schooner Antonio. All were glad to get back although they said they had no trouble with their prizes.

The torpedo boat Porter made a daring trip into the shore under cover of darkness last night and Lieutenant Fremont, her commander, landed with a small party and obtained valuable information. The blockade continues under beautiful weather conditions.

The flagship returned to the blockade line about 6:30 last evening after an uneventful trip. Nothing of importance apparently had occurred during her absence.

When darkness came on last night Morro Castle showed a powerful searchlight and flared it nervously around the horizon. Another short searchlight also was seen. It looked to be from the direction of the Santa Clara batteries to the westward of El Morro. The searchlight itself could not be distinguished, only its rays being visible. This is due either to the extremely low position of the light, or to its distance from the blockade line. The Morro light is placed higher and is an excellent light. Last night was the first time these searchlights have been used. What benefit they will be to the Spaniards no one knows. They may possibly induce the batteries to expend some more ammunition in futile shots at the fighting squadron, but the blockade continues as before searchlights or no searchlights, as of course, they do not reach far enough to show our ships.

If any ships run the blockade they will have to run a gauntlet of vigilance that has never been surpassed. The alertness of the officers and men continues at the same pace as was exhibited the first nigh the squadron arrived. Admiral Sampson is more handicapped in his blockade than were the naval commanders during the civil war. In many cases they were unable to anchor, while Admiral Sampson's fleet drifts around in a two knot current, with no stationary shore light for a guide. It is believed that every steamer which has attempted to enter Havana since the blockade began has been captured

AN OPEN LETTER To MOTHERS.

WE ARE ASSERTING IN THE COURTS OUR RIGHT TO THE EXCLUSIVE USE OF THE WORD "CASTORIA," AND "PITCHER'S CASTORIA," AS OUR TRADE MARK.

On day of show, Reserved Seat and Admission Tickets may be obtained at Parrish's Drug Store, at the same price as on the show grounds.

Care of Barnyard Manure.

Much has been said and written of the value to the farmer of barnyard manure, and, indeed, its value if properly prepared can hardly be overrated. But the fact that there is as much difference in the kinds of fertilizers under this name as there is in the kinds of cows and steers under the general name of cattle, is not so well understood. Barnyard manure can be so poor for want of food or want of care, that, like scrub cattle it is scarcely worth having.

To secure what the farm needs from this source, the farmer must begin with the material out of which the manure is to be made. If possible all that is grown on the farm and not sold in grain or finished products should be returned to the field as soil food. The clover, the grass, the straw and the fodder should give back to the earth what they can well spare after having served their purpose as food for the stock, and the stock itself will be usually generous in restoring to the soil what has become useless to them, that it may be again returned in fibrous food and grain for their sustenance; but the circuit must be complete, and the waste must be returned to the farm, or it cannot keep up the supply. *Here* commences the responsibility and necessary care of the farmer. And yet how few farmers make it a special part of their work to care for and return to the field all the manure and waste left by the animal.

Nevertheless, this is often as important a part of their business as sowing and reaping, or even as marketing their products. The farm is, with the help of the rains and the sunshine, the active, energizing, life-giving machine, by which the farmer is largely to manufacture his profitable products. That it may accomplish its part without fail it must be properly cared for and especially properly fed. Barnyard manure well saved and well prepared for return is such food as the land needs to restore its strength after it has been cropped. It may, indeed, need more than this, but this is good and wholesome food so far as it goes.

American Securities Abroad.

The sales of American securities have been, according to London advices, very large abroad of late and there appears to be a tendency toward increase in the sales. If this state of things holds, there will be an increasing influx of British gold into this market. This is good news and demonstrates the faith abroad in the stability of our credit. There is another point of faith for which the people not only of this but foreign countries have good grounds for credence, and that is, belief in the efficacy of Hostetter's Stomach Bitters for inorganic maladies which effect the stomach, liver, bowels, kidneys and nerves. Dyspepsia, biliousness, constipation, rheumatism and a tendency to insomnia, are counteracted and conquered by it. It rallies failing appetite, hastens convalescence, and diffuses a warmth and sensation of physical comfort through the system. A wineglassful before retiring promotes health-yielding slumber.

Eggs That Don't Hatch.

There is one main cause for eggs not hatching—all others being secondary—and it is expressed by a contributor to the "English Fanciers' Gazette," as follows: "I have been experimenting lately on the eggs from certain hens, to find out if there is any great difference in their hatching, their vitality, etc., and have been greatly interested in the discoveries. The eggs from the abnormally fat hens seldom hatch. The chicken usually dies on or about the twelfth day of incubation. When an egg hatches a day or two in advance of time, one usually concludes that it was quite fresh when put in, but I now find that it is the eggs from the active and most healthy hens that break the shell first. Five eggs from a little game hen, which were all over five days old, were the first to hatch. Invariably the egg from the sleepy, lazy hen hatches late. Out of twenty-seven hens whose eggs I experimented with, I found two quite sterile. They both lay fine, large eggs of good shape and shell, but though I must have tried a dozen of their eggs, not one has even had a sign of a chicken. I have even mated them with different roosters, but without avail, and strange to say they are the worst tempered hens in the yard, always quarrelling and beating the others."

As to Cadets.

Appointments to the military academy must be between 17 and 22 years of age, free from any infirmity which may render them unfit for military service, and able to pass a careful examination in reading, writing, orthography, arithmetic, grammar, geography and history of the United States. Candidates for the United States navy academy at Annapolis must not be under 15, and not over 20 years of age, and physically sound. They must also be able to pass the examination described above.

CASTORIA
For Infants and Children.
The Kind You Have Always Bought
Bears the Signature of Chas. H. Fletcher.

A business man is not the most patient creature in the world. He cannot wait to hear any long-drawn out story of the cause of his ailment. He does'nt care two straws about a fine spun theory of how he should treat himself. He may be pre disposed to scrofula or consumption. "That," he will tell you "has nothing to do with the case. He wants to be well. If he can be cured, write out a prescription and send in your bill. So, here's the first part of the proposition.

Dr. Pierce's Golden Medical Discovery is a microbe hunter and killer. Many persons of scrofulous blood, encourage the the breaking out of unslightly sores, to prevent the disease going to the lungs. There is no need of this state of dread and discomfort. Purify the blood. It can be done. "Golden Medical Discovery" will cure 98 per cent. of all consumptive cases, also of all other lingering bronchial, throat and lung diseases.

Loss By Forest Fires.

Our Commissioner of Forestry, Dr. Rothrock, gives the following vivid description of the loss occasioned by forest fires in our state:

"The most obvious consequences of forest fires, serious as these may be, are by no means of the greatest importance. Loss of logs, of bark, of standing timber, young and old, of fences, and occasionally of buildings, is not less than a million dollars annually to this Commonwealth. This might well be termed a direct loss to the State. The indirect or the consequential damage to the State is many times greater. In fact, it is so great that it appears incredible until a careful study of the whole subject is made. For example, it is fairly within bounds to assert that with all the unproductive lands now vacant and uncared for which exist within the limits of the State were protected from forest fires, for say forty years, the timber then growing would be worth not less than $1,200,000,000. Now it would seem that if this growth were destroyed by fire when but a year old, the direct loss to the Commonwealth would be absolutely unimportant. The same might be said if we were to see it destroyed at two, three, four or even five years of age. But when we remember that in burning these seedlings, which are but a year old, we destroy a crop which in point of time is one-fortieth of its way on to a money value of $1,200,000,000, the damages are consequential or indirect in character, and if expressed in figures, must equal not less than $30,000,000 as the loss to the Commonwealth."

A Delightful Entertainment.

Very interesting exercises were held in Miss Overton's room at the Bellefonte Academy Friday afternoon. There was a large number of visitors present and the room was beautifully decorated with flowers.

The entertainment consisted of resitations, essays and drills and good music by the young folks which reflected the highest credit on their instructor. There was a hoop drill by the older girls and they looked very beautiful dressed in the Academy colors, gold and white. Then there was a dumb bell drill by the boys and a broom drill by the younger girls. Another pretty thing was a character selection representing the sun and other planets by five little girls. All in all it proved a most delightful entertainment.

For Over Fifty Years.

Mrs. Winslow's Soothing Syrup has been used for over fifty years by millions of mothers for their children while teething, with perfect success. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for diarrhoea. It will relieve the poor little sufferer immediately. Sold by all druggists in all parts of the world. Twenty-five cents a bottle. Be sure and ask for "Mrs. Winslow's Soothing Syrup," and take no other kind.

Miss Mary Blanchard is visiting friends in Philadelphia. She will stay until June.

April Snowstorms.

The Danville Sun publishes the following record of April snowstorms from the diary of a friend:

On April 10, 1874, it snowed for 20 hous and was 15 inches deep.

On April 13, 1875, there was snow to the depth of six inches, followed by snow and very cold weather lasting until the 19th.

April 5, 1881, the thermometer indicated 16 degrees above zero.

April 18, 1887, snow fell to a depth of six inches.

April 10, 1894, a heavy snowstorm began at 9·30 a. m. and snow fell for 38 hours and was 20 inches deep on the level.

Shake into Your Shoes.

Allen's Foot Ease, a powder for the feet. It cures painful, swollen, smarting, nervous feet and instantly takes the sting out of corns and bunions. It's the greatest comfort discovery of the age. Allen's Foot-Ease makes tight or new shoes feel easy. It is a certain cure for sweating, callous and hot, tired, aching feet. Try it to-day. Sold by all druggists and shoe tores. By mail for 25c in stamps. Trial package FREE. Address, Allen S. Olmsted, LeRoy, N. Y.

—Col. W. Fred Reynolds commenced Friday noon to have his men clean up the debris around the burnt mill, preparatory to rebuilding it. This is commendable enterprise on the part of the Colonel.

—Corporal Pat Rine of Co. B has been called home from State College where he was at work for the telephone people, to join his company preparatory to going to the front. Pat is a first class soldier and he wants it distinctly understood that he is all right too.

Treasurer's Sale of Unseated Lands

For Taxes of 1896 and 1897.

Agreeable to the provisions of law relating to the sale of unseated tracts of land for the non-payment of taxes, notice is hereby given that there will be exposed at public sale or outcry the following tracts or part of tracts of unseated land in Centre county, Pennsylvania, for taxes due and unpaid thereon, at the Court House, in the Borough of Bellefonte, on

Monday, June 13th, 1898,

at 1 o'clock p. m., and to continue, if necessary, by adjournment from day to day until all are sold.

PASSING OF POLO.

The Spanish Minister Asks for His Passports.

AND THEY WERE GIVEN HIM.

Departure from the Capital Was Not Marked by Any Demonstration and No Indignities Were Offered Him.

THE LEGATION IS NOW CLOSED

WASHINGTON, April 20.—The request of the Spanish minister for his passports was complied with at 3:50 p. m., when Judge Day's colored messenger called at the Spanish legation and gave them to Senor Polo. They were accompanied by a note from Secretary Sherman which closed with an expression of deep regret that the minister had felt called upon to take this step. The passports state that Senor Polo and family are about to travel abroad and are in the usual form.

The Spanish minister, accompanied by six members of his staff, left Washington at 7:30 o'clock tonight and the Spanish government thus terminated its diplomatic representation in the United States. The minister and his party left by the Pennsylvania railroad, going northward to Buffalo and Suspension Bridge, thence to Toronto, and by 10:40 o'clock tomorrow morning the Spanish officials will be on British soil. Tney will stop for a day or two on the Canadian side of the Suspension Bridge and will then spend some days at Toronto.

From there they go to Halifax to take an ocean liner. While the minister is on this side of the border he has the protection of the passports issued late this afternoon by the state department at his request, following the delivery of a copy of the president's ultimatum to Spain.

The departure of the Spanish party was made without noticeable demonstration, and although a number of secret service officers and police were on duty at the depot, there was at no time any occasion for their doing more than keeping back a crowd of curious onlookers. At 6 o'clock this evening Senor Polo made a hurried call at the French embassy and the Austrian legation, where Spanish interests are left in charge, and then joined his staff at the legation and started for the train. An express wagon was piled high with the trunks of the large party.

Several members of the diplomatic corps called to make their final adieus. This done, the legation was vacated, and the party assembled at the Pennsylvania railroad depot. As the minister entered the station he was recognized by the crowd, which closed in about him until gently cautioned by the officers. No words of indignity were spoken, and the salutations of those in the crowd were rather agreeable than otherwise. He smiled in acknowledgment of the attention given him and several times touched his hat.

The party boarded the Pullman sleeper Japan, which had been taken entire. Secret service men remained at the platform to prevent intrusion, and half a dozen police officers were grouped outside. At no time, however, were their services required. The minister stood on the front platform and had a few parting words with his friends. He spoke feelingly of his departure, saying the circumstances were most painful to him. One of his intimates ventured the suggestion that he would be back again soon under more favorable circumstances, but he shook his head and said he feared this could not be the case.

He said his request for his passports had been made only after the enactment of law which attacked Spain's sovereignty, impunged her honor and insulted her.

The departure of the Spanish party brought to a close a most eventful day at the Spanish legation. The legation is now closed. An attendant remained there tonight simply to clear up the effects of hasty departure, but the official existence of the legation is terminated.

Dropsy and Heart Disease.

A great cure and a great testimony. "For ten years I suffered greatly from Heart Disease, Fluttering of the Heart and Smothering Spells, made my life a torment. I was confined to my bed. Dropsy set in. My physician told me to prepare for the worst. I tried Dr. Agnew's Cure for the Heart—One dose gave great relief, one bottle cured the Dropsy and my heart."—Mrs James Adams, Syracuse, N. Y.—1.

Sold By J. N. & S. Krumrine.

Official Statement.

MR. EDITOR:—Herewith a statement of new Granges organized and dormant Granges reorganized from January 1, 1898, to March 31, 1898, both inclusive:

NEW GRANGES ORGANIZED.

Illinois, 11; Indiana, 9; Iowa, 1; Kansas, 1, Maine, 4; Massachusetts, 2; Michigan, 9; Minnesota, 3; New Hampshire, 2; New York, 12; Ohio, 13; Oregon, 4; Vermont, 4; Washington, 1. Total, 63.

DORMANT GRANGES REORGANIZED.

Illinois, 1; Indiana, 1; Iowa, 3; Kentucky, 9; Maine, 3; Michigan, 9; Missouri, 5; Ohio, 19; Oregon, 1: West Virginia, 2. Total 53.

Faithfully Yours,
JOHN TRIMBLE.

Washington, D. C., April 7, 1898.

A Flag of Warning.

Beware of the dry, tickling, hacking, morning cough, for it warns you that consumption lurks near. The famous Dr. Bull's Cough Syrup will cure it. "I had a very bad cough. One doctor pronounced it consumption. I used Dr. Bull's Cough Syrup and was completely cured; the cough left me and has never come back. Simon Smasal, 375 31st Street, Chicago, Ills." Dr. Bull's Cough Syrup costs but 25 cents. Ask for Bull's, take only Bull's.

LIST OF UNCLAIMED LETTERS.

The following letters remain in the Bellefonte Postoffice uncalled for April 20, 1898:

J. G. S. Beam, Frank Bartley, Harry Fredrick, Minnie Harpster, Baird Moser, Nora McFarchy, M. Padotsky, Jno. Roberts, G. Story, A. B. The & Thou.

When called for please say advertised.

DAVID F. FORTNEY, P. M.

Winter Wheat's Conditions.

The report of the department of agriculture for April 1 makes the average conditions of winter wheat 86 against 81.5 last April and 77.1 on April 1, 1896. The leading winter wheat states reports averages as follows: Pennsylvania, 92, Ohio, 80; Michigan, 92; Indiana, 87; Illinoii, 75; Missouri, 81; Kansa, 101, California, 62.

Two requisites—economical, honest, local government and good roads. The former effects the citizen, the latter the horse.

DOCTORS DON'T DENY IT.

The frank testimony of a famous physician.

When Dr. Ayer announced his Sarsaparilla to the world, he at once found the physicians his friends. Such a remedy was what they had looked for, and they were prompt to appreciate its merits and prescribe it. Perhaps no medicine—known as a patent medicine—is so generally administered and prescribed by physicians as Dr. Ayer's Sarsaparilla for blood diseases, and diseases of the skin that indicate a tainted condition of the blood. Experience has proved it to be a specific in such diseases, and sores of long standing, old ulcers, chronic rheumatism, and many other like forms of disease have yielded to the persevering use of Dr. Ayer's Sarsaparilla after other medicines had utterly failed. The testimonials received from physicians to the value of this remedy would fill a volume. Here is one leaf signed by Rich'd H. Lawrence, M. D., Baltimore, Md.

"It affords me pleasure to bear testimony to the success which your preparation of Sarsaparilla has had in the treatment of cutaneous and other diseases arising from a vitiated condition of the blood. Were it necessary, I might give you the names of at least fifty individuals who have been cured of long-standing complaints simply by the administration of Dr. Ayer's Sarsaparilla. One very remarkable instance was that of a quite old woman who had lived at Catonsville, near this city. She had been afflicted with the rheumatism for three years, and had taken as she had informed me, more than one hundred dollars' worth of medicine to obtain relief, yet without any beneficial result. I advised her to try a bottle of Dr. Ayer's Sarsaparilla and told her that if it failed to do her good, I would refund the money. A short time afterward, I learned that it had cured her, and a neighbor of hers similarly afflicted was also entirely relieved of his complaint by its use. This is the universal result of the administration of your Sarsaparilla. It is without exception, the best blood purifier with which I am acquainted."

There is no other similar medicine can show a similar record. Others have imitated the remedy. They can't imitate the record. Dr. Ayer's Sarsaparilla has the friendship of the physician and the favor of the family, because it cures. It fulfills all promises made for it. It has healed thousands of people of the most malignant diseases that can mutilate mankind. Nothing has ever superceded it and nothing ever will until a medicine is made that can show a record of cures greater in number and equal in wonder to those wrought by Dr. Ayer's Sarsaparilla. Dr. Ayer's Curebook, a story of cures told by the cured, is sent free on request by the J. C. Ayer Company, Lowell, Mass. Write for it.

NO MISTAKE. Thousands have been cured promptly of **NEURALGIA** BY SAINT JACOBS OIL TRY IT

FIRST ACT OF WAR.

The Gunboat Nashville Captures the Beuna Ventura!

THE LATTER MUCH SURPRISED

Two Shots Were Fired Across Her Bow and She Then Came to a Stop—A Prize Crew was Put on Board.

NORTH ATLANTIC SQUADRON SAILS.

KEY WEST, April 22.—The United States cruiser Nashville today captured the Spanish ship Buena Ventura. She was on her way from Pascagoula, Miss., for Rotterdam, with lumber. The Nashville first fired a blank shot, which the Spaniard ignored. This was followed by a shot from a six pounder. The Buena Ventura then surrendered with her crew of twenty men. The Nashville towed her prize into the harbor at 11 o'clck this morning and put a prize crew on board.

The United States fleet was about twelve miles off Sandy Key light this morning at 7 o'clock when the Spanish merchantman Buena Ventura was sighted, bound north. The gunboat Nashville ran her down and put a shot across her bows from the four-inch gun on the port side aft, manned by Lieutenant Dillingham. The Spaniard ignored the shot; but another, closer to her bows, brought her to. A prize crew, under Ensign T. McGruder, was put aboard. Captain Lucarraga, in command of her, was astonished. He said he did not know that war had been declared, but when he was informed of the state of affairs, he shrugged his shoulders and accepted the situation philosophically.

The Nashville has taken on stores and will return to the fleet. A body of marines is pacing the deck of the Spaniard, and her crew of twenty-eight are lounging about the decks in nonchalant fashion. According to prize laws, Captain Maynard will turn the prisoners of war over to the United States district attorney, who will decide the question of their disposition.

The monitor Puritan is taking on coal and water and will sail to join the fleet tonight.

On excellent authority it is stated that the destination of the fleet is Matanzas. On board the flagship is Captain Aranguren, brother of the late Brigadier-General Nestor Aranguren. He will pilot the fleet to Matanzas. The Cuban pilots went on board last night after 12 o'clock.

The Detrot sailed to join the fleet this afternoon. It is believed that one or two ships will be left at least temporarily.

CASTORIA. Bears the Signature of Chas. H. Fletcher. The Kind You Have Always Bought

The College Debate.

The intercollegiate debate between Dickinson and the Pennsylvania State College was held in the College chapel Friday even'g and proved a very ceremonious affair. The attendance was large the chapel being crowded. A special train from this place consisting of four cars all well filled left at 7 p. m, for the college. About thirty students from the Bellefonte Academy were in attendance.

The debate began at 8 o'clock and the question for debate was,

Resolved: "That the United States Government should establish a National University." Sare took the affirmative and Dickinson the negative. Each speaker was allowed ten minutes to speak and five minutes for rebuttal. The judges were Attorney-General McCormick, of Williamsport; Prof Learned of the University of Pennsylvania; and Prof. Lee, of Cornell.

The meeting was presided over by President George W. Atherton. States orators were Andrews, '98, Carpenter, '99, and Rushlander, 1900. The debate proved interesting and exciting and after due consideration was decided in favor of Dickinson. The musical organizations of the College assisted in making the entertainment thoroughly enjoyable.

One of Two Ways

The bladder was created for one purpose, namely, a receptacle for the urine and as such it is not liable to any form of disease except by one of two ways. The first way is from imperfect action of the kidneys. The second way is from careless local treatment of other diseases.

CHIEF CAUSE.

Unhealthy urine from unhealthy kidneys is the chief cause of bladder troubles. So the womb, like the bladder, was created for one purpose, and if not doctored too much is not liable to weakness or disease, except in rare cases. It is situated back of and very close to the bladder, therefore any pain, disease or inconvenience manifested in the kidneys, back bladder or urinary passage is often, by mistake, attributed to female weakness or womb trouble of some sort, The error is easily made and may be as easily avoided To find out correctly, set your urine aside for twenty four hours; a sediment or settling indicates kidney or bladder trouble, The mild and the extraordinary effect of Dr. Kilmer's Swamp-Root, the great kinney, and bladder remedy is soon realized. If you need a medicine you should have the best. At druggists fifty cents and one doller. You may have a sample bottle and pamphlet. both sent free by mail. upon receipt of three two-cent stamps to cover cost of postage on the bottle. Mention REPUBLICAN and send your address to Dr. Kilmer & Co., Binghamton N. Y. the proprietors of this paper guarantee the genuineness of this offer.

—On Monday, April 18, a new schedule on the Bellefonte Central railroad went into effect. Trains leave Bellefonte for Pine Grove Mills at 6.30 a. m. and 4 p. m. and College accommodation at 10:30 a. m. Leave Pine Grove Mills for Bellefonte at 7:35 a. m, and 5:15 p. m. Leave College at 8 a. m., 1:30 p. m. and 5;45 p. m. All trains stop at State College and connect at Bellefonte with trains of the Pennsylvania railroad for points east and west.

A Wonder Worker.

One of the greatest, medical discoveries is Dr. John W. Bull's Pills for the cure of indigestion, sick headache, sick stomach and constipation. They do not purge violently, but gently promote internal cleanliness without debilitating the system; nor do they nauseate the stomach. Dr. John W. Bull's Pills (60 in a box) cost but 25 cts; trial box, 10 cts., at all dealers, or by mail from A. C. Meyer & Co., Balto., Md. Buy the genuine Dr. John W. Bull's Pills.

Boots For the Firemen.

On Friday Mr. Edward Powers received 12 dozen pair of boots for the Logan Fire Co. The boots are nearly four feet long, and made of the best rubber that could be had. Mr. Powers is an old fireman himself and knew exactly what was needed.

Heart Rescue in 30 Minutes.

After momentarily expecting for years that death might snap the vital cord at any minute. This is the story thousands could tell and have told of the almost Divine form ula, Dr. Agnew's Cure for the Heart. Every day chronicles the taking away of many who have not heeded nature's warnings that the heart was tired out and needed the helping that this wonderful cure gives. Heart disorders are insidious. Don't trifle. This great remedy attacks the disease instantly.—41.

National Grange. Patrons of Husbandry.

Office of Legislative Committee, 514 F St., Washington, D. C.:—The action of the National Grange upon various matters pending before the Congress of the United States and upon other matters of national importance, considered by this national farmers' organization as worthy of legislative action, was placed in the hands of a legislative Committee for appropriate action. These subjects included the following:

1. Postal Savings Banks.
2. Enactment of Pure Food Laws.
3. Rural Free Mail Delivery.
4. Additional Powers of the Inter-State Commerce Commission.
5. Speedy Construction of the Nicaragua Canal by the United States.
6. To prevent the Pooling of Railroads.
7. Impartial Investigation of Foreign Trade Relations.
8. Election of United States Senators by Popular Vote.
9. Settlement of International differences by Arbitration.

The action of the National Grange upon these matters was formulated and, together with an address, placed upon the desk of every member of the Senate and House of Representatives. As a means of strengthening our position, and in accordance with instruction of the National Grange, blank petitions were prepared upon the subjects of Pure Food, Postal Savings Banks, and Free Rural Mail Delivery and sent to the Master of each State Grange to be forwarded to subordinate Granges for signatures.

In those States where the request of the committee was heeded, there was a general and vigorous response to the call, petitions signed by members of the Grange representing all sections of the country being sent to the committee and placed before Congress. For a record of the presentation of these petitions to Congress, you are referred to the "Congressional Record" of March 14, 15, 16, and later dates, where there will be found columns filled with the name and number of subordinate Granges sending petitions. Every Grange in the United States sending in petitions upon these subjects will find their presentations recorded as indicated above. Your committee found that bills upon each of these subjects had been introduced and these petitions were referred by Congress to the committee having them in charge. Every member of the Grange in the country who signed these petitions did something in aiding the movement and, in the aggregate, afforded very strong support to your committee.

During the stay of the committee in Washington, in addition to the work performed before committees upon the subjects named, we were invited to aid various measures of an agricultural character before Congress and have the assurance of accomplishing something in these directions. One of these matters was a bill giving State's authority to establish and maintain trademarks upon agricultural products of their respective States. A delegation from New York, representing the Department of Agriculture, the State Dairy Association and the Farmers' Institute of that State, solicited our influence in this matter and we favored the bill before the committee having it in charge.

A Pure Food Congress was in session at the National Capital for the consideration of legislation requiring all adulterated food and drug products to be marked in accordance with their composition, and your committee took an active and prominent interest in the proceedings of this Congress. We placed the National Grange prominently on record in favor of the honest branding of food and drug products.

The Interstate Commerce Commission requested the opinion and influence of the committee in regard to a bill for increasing the powers of the Commission by conferring upon it authority recently made inoperative by decisions of the Supreme Court of the United States. The National Grange has always been a strong advocate of the Interstate Commerce Commission and the courtesy and deference shown the Legislative Committee by this eminent tribunal is worthy of special mention.

In several other matters of less importance we co-operated with the farmers' representatives at the National Capital and carried out the instructions of the National Grange to the extent of our ability. In closing we again express our sincere appreciation of the zealous efforts of the members of the Grange throughout the country in their loyal support, which has been effectual in shaping public sentiment in favor of these measures and will hasten the day of the enactment into law. Fraternally submitted,

AARON JONES.
J. H. BRIGHAM,
N. J. BACHELDER,
Legislative Committee.

As to Cadets.

Appointees to the military academy must be between 17 and 22 years of age, free from any infirmity which may render them unfit for military service, and able to pass a careful examination in reading, writing orthography, arithmetic, grammar, geography and history of the United States. Candidates for the United States naval academy at Annapolis must not be under 15, and not over 20 years of age, and physically sound. They must also be able to pass the examination described above.

Ho Fisherman!

Do you know that we have just received 69 dozen trout flies and there are more coming. We are sole agents for the

"Parker Flies"

Most fisherman know what they are. They are made to our order and sell for 80c. per dozen, 3 for 25c., or 10c. each. We have 6 1-2 ounce steel rods, Split Bamboo, Lance Wood and other kinds. Lines, Reels, Baskets, Bait Boxes, Hooks, Leaders, Ferrules, etc. Come in and see us at

GREEN'S PHARMACY,
HUSH HOUSE BLOCK,
Bellefonte, - - Pa.

SCROFULA.

One of America's most famous physicians says: "Scrofula is external consumption." Scrofulous children are often beautiful children, but they lack nerve force, strong bones, stout muscles and power to resist disease. For delicate children there is no remedy equal to

Scott's Emulsion

of Cod-liver Oil with Hypophosphites of Lime and Soda. It fills out the skin by putting good flesh beneath it. It makes the cheeks red by making rich blood. It creates an appetite for food and gives the body power enough to digest it. Be sure you get SCOTT'S Emulsion.

50c. and $1.00; all druggists.

—Rally round the flag boys.

—Three cheers for Old Glory!

—All Europe is awaiting results.

—Uncle Sam to Spain; "Time's up"

—All aboard for Camp Hastings.

—"On to Havana" may be the slogan

—Keep "Old Glory" un-furled these days.

—Will Havana be an easy prey for our arms?

—The feeling of the guard is really in tents.

—One of these tomorrows will be the last of Morro.

—If Uncle Sam needed a million volunteers he could get them.

—Soon it will be; "Tramp, tramp, tramp, the boys are march-ing,"

—Beer is going up, but it will continue to go down just the same.

America's greatest medicine is *Hood's* Sarsaparilla. which cures when all other preparations fail to do any good whatever.

—Mr. Frank Blair and family will occupy one of the brick houses on Spring street.

—Even the Apaches are getting the war fever. The absence of the troops emboldens them.

—"Now good digestion waits on appetite, and health on both." If it doesn't, try Burdock Blood Bitters.

—Councilman J. W. Houser has been confined to his home for the past two days with a severe attack of neuralgia.

—Diphtheria, sore throat, croup. Instant relief, permanent cure. Dr. Thomas' Eclectric Oil. At any drug store.

—It is a reasonable certainty that a treacherous Spaniard is at this moment sitting at the button that controls the mines in Havana harbor. To enter there would be destruction.

—"Cure the cough and save the life." Dr. Wood's Norway Pine Syrup cures coughs and colds, down to the very verge of consumption.

—Edna Strunk, the young *Miss* who met with an accident in Nittany valley last summer which resulted in the loss of her right arm, is now a student at Loysville orphan school. Miss Strunk is a daughter of John Strunk, of Howard.

—The Patriotic Order Sons of America, of Spring Mills, have tendered their service to the president in case of war with Spain. There are about fifteen ablebodied men in the order who are ready to put on fighting clothes, when they are wanted.

—John Ammerman, of this place, while riding on a freight train Tuesday on the Bald Eagle valley road, was accidently thrown off while the train was shifting at Vail. He was badly bruised and cut up but not fatally injured. He was brought to his home in this place Wednesday.

—In *McCLURE'S MAGAZINE* for May Hamlin Garland will tell the ever-interesting and ever-tragic story of General Grant's last year. In preparing his paper, Mr. Garland has had access to important unpublished material; for example, he will give many passages from Grant's last conversations.

—"I had a running, itching sore on my leg. Suffered tortures. Doan's Ointment took away the burning and itching instantly, and quickly effected permanent cure." C. W. Lennart, Bowling Green, O.

—We are face to face, with grave responsibilities, and the time has come for the Republicans of this state, to stand together, in giving hearty support to the Republican administration at Washington. Everything that tends to disrupt the party, should be looked upon with suspicion and regarded with aversion. This is no time to denounce party leaders, and to throw mud at the men, who are doing al they can, in the cause of "God and our country.

Ringling Bros.' great canvas pavilions cover more than eight acres, and constitute a veritable city of tents. The mammoth hippodrome amphi-theatre is the largest ever constructed, and is absolutely impervious to rain.

BELLEFONTE'S BIG BLAZE.

$100,000 Worth Of Property Gone Up In Smoke.

HIGH WIND CAUSED FIRE TO SPREAD

Phoenix Flour Mill, Two Car Shop buildings Residences of F. P. Blair and Kathrine Garret and Two Stables Burned to the Ground.

JENKINS & LINGLE SUFFER HEAVY LOSS

Thursday about five o'clock one of the stubbornest and most disasterous fire's Bellefonte has suffered from for a long time, broke out in the large brick car shop building next to Jenkins & Lingle's machine shop and used by them for storing valuable patterns in. It is believed to have caught from a spark from the foundry cupola and before it was subdued $100.000 worth of valuable property was in ashes.

A high wind was blowing and the big building was soon a mass of flames. The fire companies were soon on the scene fighting valiantly with great odds against them. The sparks were sent flying all over that section of the town and for awhile it seemed as if Bellefonte was doomed to destruction. Soon the fire communicated to the big brick building in the rear from there it spread to the handsome residence of Frank P. Blair and to the stable of Oscar Wetzel.

At this time the excitement was intense. Half the town was tearing out furniture or carrying water. Men were on the roofs of all the houses in the vicinity and many different houses caught fire only to be put out by these men with buckets of water. Assistance was telegraphed for to Lock Haven and Tyrone but it was finally countermanded although the Tyrone company had already started and were as far as East Tyrone.

Next the big Phoenix flour mill caught fire and then the residence of Miss Katherine Garrett on Pine street. It was seen the car shops buildings were doomed and the firemen concentrated their efforts on Reynolds avenue and at Reynold's mill to prevent the further spread of the fire. It was 8 o'clock before the fire was safely under control and all danger was over. The two car shop buildings, Phoenix flour mill, residences of F. P. Blair and Katherine Garrett and stables of F. P. Blair and Oscar Wetzel were burned to the ground. F. P. Blair lost almost all of his household furniture, Miss Garrett succeeded in saving the most of hers.

Through great effort and from the fact that the wind blew in another direction the machine shop and foundry of Jenkins & Lingle were saved. In the big brick building were stored valuable patterns which will cost money to replace.

The firm estimate their loss at from $50,000 to $75,000 dollars only partially covered by insurance. The car shop buildings are owned by J. D. Shugert and others, loss $10,000 with a partial insurance.

Another heavy looser will be Col. W. Fred Reynolds owner of the Phoenix flour mill This mill had just been fitted up at an expense of $20,000. Big elevators were built capable of holding 60,000 bushels of wheat and the mill had the only patent oscillator system in the United States. All the wheat, flour and grain in the mill was burned. There was about 30000 bushels of wheat in the big elevators and while it is partly damaged the largest part of it will be saved.

Mr. J. L. Montgomery manager of the mill estimates the loss at about $40 000 covered partly by insurance.

Frank P. Blair lost his residence and all his household furniture and stable. His loss was $5.000 fully covered by insurance.

Other loosers are Katherine Garret loss on residence and furniture $1600.00 insurance $1,000. Oscar Wetzel, loss on stable $500, insured. House owned by R. J. Schad & Bro. and occupied by a man named Cramer, on Reynolds avenue roof partly burned, loss $100.00.

The Bellefonte fire department deserves the highest praise for the way they worked against tremendous odds to save valuable property.

HONOR TO BRAVERY

Farewell of the City to Company B

The citizens of Bellefonte and vicinity turned out en mass Wednesday afternoon to say farewell to the brave boys of Company B. prior to their departure for Mt. Gretna to answer the call of Gov. Hastings for the mobilization of the State troops.

Mayor Frank Naginey issued a proclamation calling on all citizens to be present at this farewell reception and requesting our Public schools and all business places be closed from 3:00 to 5 o'clock.

The committee in charge of the reception is Joseph Rightnour, chairman, John Noll, Samuel B. Miller and George L. Potter.

The members of Gregg Post of this place and Potter Post of Milesburg met at the Gregg Post rooms at 2.30 and marched to the armory and from there escorted Company B to the diamond where a speakers stand had been erected. Speeches were made by Wilbur F. Reeder, Judge John G. Love and D. F. Fortney. After this the company was escorted to the train headed by the Undine, Coleville and Milesburg's Consolidated bands.

Preacher Was Eloping.

The Rev. Dr. De Witt O. Nye, a Methodist preacher of North Coshocton, Steuben county, has been arrested at Binghamton, N. Y., on a charge of grand larceny. When the sheriff apprehended him he was at the Erie railroad station, accompanied by Miss Maude Sweet, daughter of a prominent Hornellsville man. Doctor Nye and Miss Sweet occupied apartments at a leading Binghamton hotel, registering as "D. W. Clinton and M. Louise Clinton."

The couple purchased tickets for New York. Doctor Nye was taken to Hornellsville by an officer from that city. Miss Sweet would not disclose her plans for the future further than to assert emphatically that she would not return home, as she did not live happily.

Interesting Letters from Co. B.

The REPUBLICAN always anxious to serve its patrons well has made arrangements to keep posted on all the movements of our own brave boys of Co. B. Roger T. Bayard, a staff correspondent of the REPUBLICAN is a member of the company and all interesting happenings in his vicinity will be faithfully transmitted to our readers. At least once and perhaps twice a week he will send us a letter from camp showing just what the boys are doing. If you have a sweetheart, brother, friend, husband or son in this company enroll your name on the subscription list of this paper and keep posted as to his whereabouts.

Cupid's Net.

The following marriage licenses have been issued during the past week by Register G. W. Rumberger:

John T. Welsh, of Bellefonte, Pa., and Rebecca McCloskey of Romola.

Mike Basista, and Susanna Sbak, both of Philipsburg, Pa.

Linn S. Bottorf, of Bellefonte, and Ethel Dale, of Lemont.

Charles L. Peters, and Ella H. Smith, both of Milesburg, Pa.

George M. Harkless, and Cora Fink, both of Philipsburg, Pa.

The Grange and the New School Law

The State Grange secured the change in the common school laws in regard to the distribution of the State appropriation, which will give to Centre county $6,000.00 more of the $5,000,000 appropriation annually. The larger part of this amount will go to the rural districts. Farmers when the Grange is doing so much to relieve your burdens would it not be your interest to join and help it along."

Dr. Farnald, of the Pa. State College, has been appointed by the Governor Economic Zoologist, vice Dr. Warren resigned

AXE MANN ITEMS.

Mr. John Miller, who has been very ill at the home of a friend at Centre Hall for some time past, has recovered and is again seen in our town.

Mr. Alfred Rishel and family spent Sunday with relatives at Lemont.

Mr. Wm. Steele, who has been employed at Mill Hall for some time past, has returned home as he has a very sore hand and cannot continue his work.

About eight of our men who have been idle for some time past have secured employment at Morris's stone quarries near Coleville, Mr. Martin Kane of our town is their foreman.

Mr. Grant Ginghery of Lock Haven is working for his brother-in-law W. S. White this summer They are at present crushing stone for the Pike Company.

A few weeks ago Gust Armor went to Nigh bank to visit relatives and while there he had his horse put up at Mr. Garbers stable but sometime during the evening his horse broke loose and getting out of the stable made his way home leaving Guss and the buggy behind. No damage was done except on the way home the horse lost the breast strap. Guss says he did not care for the walk but would like to have that part of his harness, which was lost, returned.

Mr. F. S. Heverly is on the sick list this week.

The fruit in this section is not hurt to any extent, and it promises to be fair.

Last Saturday Constable Dunlap served a warrant on several young men of our village for breaking into the cider warehouse and stealing cider but as the prosecutor did not like to deal hard with them, he released them by having them pay the costs.

Prof. Johnson of Rote, Pa., made a trip to our town last week.

Mr. Danl. Rider returned to his home at this place last week after an absence of several months in the lumber woods.

Ringling Bros.' great circus is this season especially notable for the large number of equestrain stars embraced in its roster of famous riders. Among them are Wm. De Mott, Mike Rooney, Willie Cook, Elena Ryland, Rosa Dockrill, Marion Leslie and a score of others almost equally famous. No circus in the world presents half so many riders, and none who have such world-wide reputations.

Patriotic Bellefonte

Patriotism was at fever heat in Bellefonte last night. The long pent up enthusiasm which has been boiling and simmering ever since the brave heroes of the *Maine* lost their lives broke loose in this little mountain city last night. All day yesterday the people forgot their occupations and spent the time decorating their residences, business places and public buildings with flags and bunting.

Bellefonte's brave soldier boys of Company B have been eagerly awaiting their orders to take up arms in defense of their country.

During the evening the Coleville band made a decided hit by giving a parade through the principal streets and a concert in the diamond. Proudly marching at the head waving old glory to the breeze was Samuel McMurrie a veteran of the late war. He was supported by Squire J. H. Olliger as body guard. They created the greatest enthusiasm and were loudly cheered by the multitudes who lined the streets.

Among the famous aerialists with Ringling Brothers' World's Greatest Showes this season are the world-famous Fisher family, the DaComas, and many other remarkable mid-air specialists.

Injured in a Runaway Accident.

James Stevenson, son of Roland Stevenson, of Cedar Springs, Nittany valley, was severely injured a few days ago by being thrown from a buggy near the lime kilns in the valley. The horse he was driving frightened at the explosion of a blast just as Mr. Stevenson was passing the kilns. He was dragged some distance but was not seriously hurt.

Rev. Dr. H. C. Holloway will preach a sermon on "God in American affairs" in the Lutheran Church on Sunday Evening at 7:30.

A DASTARDLY OUTRAGE!

Cowardly Miscreants Tear Down Flags and Bunting from Stores and Private Residences.

One of the meanest and most contemptible outrages committed in a long time happened in this place Monday night. Some person or persons not having the fear of God before their eyes and being instigated by the devil tore down a number of flags and other decorations which people in their patriotic enthusiasm had put out. The following business places besides many private residences were sufferers: Katz & Co., Frank Naginey, Krumrine Bros., Montgomery & Co., Geo. T. Bush, D. Irvin & Son's, S. Lewins and Wm. Lyons.

Two beautiful and good sized flags, placed by the Postmaster, one on each side of the entrance to the post office, and high up were torn down. Postmaster Fortney offers a reward of $5.00 for information that will lead to the arrest of the villians, and says he will see to their conviction if arrested or a good licking if he can get hold of them.

Mayor Naginey was making every effort Tuesday to obtain a clue to the perpetrators of this act and if he finds out who they were he will make it hot for them and no mistake.

Nothing could be meaner than to so insult our flag. Surely no good American could do so mean a thing as tear down "Old Glory." Who does it? And where are our police men?

PERSONAL PENCILINGS.

Robert F. Hunter transacted business in Boston last week.

Wm. P. Humes transacted business in Williamsport Tuesday.

Hon. James Schofield left Thursday for Harrisburg on business.

Morse, of *Philipsburg*, Montana, who has been visiting for the past two months with friends and relatives in this place left for Tyrone Monday afternoon where she will spend a few days with her brother Z. E. Steele and then continue her journey home. She was accompanied as far as Tyrone by her sister Mrs. A. B. Steele of this place.

Latest Court Proceedings.

Court convened Monday morning at 10 o'clock with Judge Love on the bench. The morning session was principally taken up with the hearing of petitions and the reports of constables. Monday afternoon the case of Henry Saylor versus Thomas Walker was disposed of. The charge was assault and battery. The verdict was guilty.

Tuesday Commonwealth vs. Minnie *Harpster* and Samuell Wolf was tried. Defendants were found guilty of keeping a disorderly house, and each sentenced to pay a fine of $1.00 and undergo nine months' imprisonment in the county jail.

The next case was Commonwealth vs. James Reed and James Meese, charged with stealing iron and brass. It went to the jury Tuesday noon.

Death of Dr. Larimer.

Dr. J. F. Larimer, died in Omaha, Neb., Thursday after a lingering illness. His wife, who before her marriage was Sadie Curtin, has been visiting her sister, Mrs. J. J. Curtin, of Bellefonte, left for Omaha a week ago, and was with her husband when he expired. Three sons are living John and Robert, in Omaha, and Fred, in Bellefonte.

LOCKHART COMEDY ELEPHANTS

A Marvelous Feature With Ringling Bros.' Big Show.

In adding the marvelove Lockhart comedy elephants to their already stupendous enterprise Ringling Bros. have offered to the American public a novelty that has created more genuine interest than any event in the amusement world during the last half century. None of the familiar tricks and lumbering, ungainly acts preformed by other elephants are included in their repertoire. They are literally animal actors. They present complete comedies. properly costumed and with appropriate scenic effects. and they perform their artistic work with a sense of its value and an appreciation of its humor such as no human comedian could surpass. In one of their ludicrously funny comedies. the clown elephant becomes intoxicated, and, reeling about apparently in the last stage of inebriation, is apprehended by an elephant policeman, armed with a grea club, and marched away to the office of the nearest magistrate. This legal dignitary, ensconced in his high judicial chair, gowned and bewigged as benfits his high office, sits in judgment upon the offender, and having heard the evidence and wisely pondered upon the enormity of the offence, declares in unmistakable pantomimet that the culprit is guilty and is committed to jail. The police elephant immediately acts upon the orders of the court, seizes the commitment papers, catches the offender, now fully sobered, by the ear, and hustles him off to jail.

All the actors in this laughable comedy are elephants. Not a word of command is spoken: and so well have the elephant comedians learned their difficult lesson that they falter for one moment in their unspoken lines. The police court scene is however only one of several intensely amusing comedies performed by these elephant actors. and in addition, they present a complete vaudeville programme, embracing jig dancing, waltzing, playing on musical instruments, intricate military evolutions and other feats that are creditable only to those who have actually seen these marvelous elephant comedians. RinglingBros. stupendous institution will exhibit in Bellefonte Tuesday May 10th when Lockhart's famous comedy elephants and hundreds of other wounderful arenic, zoologic and hippodromic features will be presented here for the first time.

—On next Friday evening a sociable will be held in the Presbyteriah chapel to which the public is cordially invited.

—The handsome residence of W. W. Clark, of Eagleville, was badly damaged by fire on Thursday.

—Mr. Thomas Hutchinson, of Kane, Pa., is visiting his mother, Mrs. *Hutchinson*, of East Howard street, this place.

Jacob Eckley, formerly division foreman at Bald Eagle, near Tyrone, was struck by a train near that place Friday and was instantly killed. His remains were brought to Unionville Saturday morning where they were interred.

—It is said that some of the young ladies are growing hysterical over the preparations for departure of company B. Of course these young ladies have some gentlemen friends in the company. Boys this will be a good way to test the sentiments of your best girl.

—Messrs. H. R. Putman, Harry E. Loomes, Harry H. Cramer and Paul Scheel, all representing that great Philadelphia paper the Inquirer, arrived in Bellefonte Saturday and are doing some tall hustling for that enterprising daily. They are all gentlemanly fellows and make lots of friends where-ever they go.

Coal for the Pacific.

Dallois Express: The Rochester and Pittsburg coal and iron company, Peale, Peacock & Kerr, and the Berwind-White coal mining company, have recieved an order for 80,000 tons to be rushed to the Pacific coast for government use. British Columbia has been furnishing this coal, but as coal has been declared contraband of war, this source of supply has been cut off and the fuel will be transported across the continent by fast freight
